University of Washington IT Accessibility Guidelines

These Guidelines were signed on May 1, 2015 by Kelli Trosvig, Vice President for UW-IT and CIO. An official copy with Kelli’s signature is available in PDF: UW IT Accessibility Guidelines (PDF).

Table of Contents
1. Purpose
2. Scope
3. Standards
4. Getting Started
5. Resources
   - Resources and Support for IT Accessibility
   - Additional Campus Resources
   - Legal and Policy Requirements

1. Purpose
The University of Washington (UW) values diverse experiences and perspectives and strives to fully include everyone who engages with the UW. Inaccessible IT negatively impacts people with a variety of disabilities, including mobility/orthopedic impairments, sensory impairments,
Example – Temple University

- **Web Accessibility Standards and Guidelines**: Web Sites, Web-Based Systems, and Web-Based Content
- Policy on the **Accessibility of Information and Technology**
- **Accessibility Guidelines** for Multimedia
- Accessible **Instructional Materials**
- Guide to **Accessible Purchasing**
- Accessible **Computer Labs and Learning Spaces**
GOING FORWARD

• Comparison sheet with links to the policies will be sent out with meeting minutes

• Committee reads over before next meeting to discuss what should be included in UWM’s Policy
