Family Handbook (1/18/18)

Introduction

The UWM Children’s Learning Center has been in operation since 1971; we are proud of our program and the service we provide to children, families and our staff. The UWM Children’s Learning Center is licensed by the State of Wisconsin and is accredited by the National Association for the Education of Young Children (NAEYC). Licensing and accreditation have strict criteria that must be followed by all employees to ensure that all children and families receive the best care and service.

This Family Handbook includes information on:
- Health and safety
- Guidance and discipline
- Confidentiality
- Family conferences
- Communication systems
- Field trips
- Meals
- Staffing structure
- and much more!

Our programs utilize an open classroom format, which promotes the concept that children learn through play experiences. The programming strives to ensure each child a valuable experience, whether he or she is in attendance for long or short periods of time. We have an open-door policy, and we welcome you to be involved in the activities carried out in the classroom and to find ways to bring your personal interests, skills, and resources to your child’s room. Additional curriculum information is available on our website.

Please let us know if there is anything that we can help with or if there are concerns that you have. We are here to serve you.

It is our vision that “Our work transforms the understanding of education to include all children as capable learners, all teachers and families as full partners in the education system, and quality programs for children as integral to the success of all communities.” We invite you to join our community!

Lisa Mosier, Director

I. GENERAL INFORMATION

Eligibility
Applications will be accepted regardless of age, race, sex, color, creed, handicap, political persuasion, national origin, or sexual preference. Children must be at least 6 weeks of age to be enrolled. The school-age program accepts children to 13 years.

Parents/guardians (hereinafter referred to as parents) must be UWM students, UWM faculty, UWM staff or a member of the UWM Alumni Association. We also accept MPS/Shorewood children in our school-age program.

- Student status is determined by: registration for at least three graded credits (graduate credits, 2 credits), enrollment in a degree-granting or certificate program, and payment of the segregated fee.
- Families in which one parent is a student who has been accepted into a degree-granting or certification program, but who is not taking classes for a given semester, are eligible to use the Center at Faculty/Staff/Alumni/MPS/Shorewood rates as a non-registered student. This is for one semester only and cannot be the first semester of enrollment.
- UWM Faculty/Staff status will be determined by at least one parent being on the University payroll.
- Children attending a Milwaukee Public School or Shorewood Public School are eligible to attend our after-school program and our summer program.
- Alumni status will be determined by at least one parent being a member of the UWM Alumni Association.

Children with special needs will be accepted if determined that their needs can be adequately met. To assist us in working with your child, a conference will be requested by the Lead Teacher and/or the Program Coordinator. We will make every effort to follow through with IFSP’s and IEPs, as well as to collaborate with therapists or consultants regarding the individual needs of the child.

The Children’s Learning Center will make reasonable accommodations to ensure that no child/family with a disability is excluded, denied service or treated differently due to the absence of auxiliary aids and services identified in the Americans with Disabilities Act.

Hours of Operation
The UWM Children’s Learning Center operates Monday-Friday from 7:00 a.m. - 6:00 p.m.

The Center will be closed all legal holidays according to the University calendar (in addition to the day after Thanksgiving), from Christmas Eve through New Year’s Day, and the week following the last summer session. (The Center is closed for child care for one week in August so Facility Services can take care of heavy maintenance and more extensive Center cleaning and repairs.)
**Fees**

Fees are determined by parent eligibility status as either Student or Faculty/Staff/Alumni/MPS/Shorewood. Fees also vary according to the age of your child and your scheduling option (full- or part-time). See our Fee Structure for the current rates.

UWM Students are allowed to register their children at Faculty/Staff/Alumni/MPS/Shorewood rates if not taking UWM credits for one semester. Exception: Students who are not registered for summer but who were registered as UWM students during the previous spring and fall semesters, or who are registered as UWM students for the preceding spring semester and the following fall semester will be allowed to pay student rates during the summer semester.

During the latter half of each semester, the Office will confirm the eligibility status of each parent. Please fill out an Information Change form if your status has changed. Fees will be adjusted to be congruent with status.

All scheduled times are billed, whether they are used or not. There is no “trading” of unused scheduled times. No credit will be issued if the Children’s Learning Center is closed due to snow, severe weather, or other emergency. All fees are subject to change. Advance written notice will be given. Our rates typically increase annually and go into effect beginning with the first day of the summer session.

**Penalty/Other Fees:**

Children must be signed in/out by a parent or an authorized person when they arrive/leave; this includes the time when they are signed in/out and the initials or name of the person signing them out. The penalty fee for not signing in or out is $5.00. Warnings are given during the first two weeks of each semester.

Parents are responsible for signing in/out at the correct time. Penalty fees will be assessed for each hour, or portion thereof, of unscheduled extra time that is used either before or after the regularly scheduled time. If you arrive before your child’s scheduled time begins, and stay with your child until your child’s scheduled time, do not sign in until you leave. You must be scheduled for all time you use, unless you have an approved Extra Time Request Form. The penalty fee for unscheduled extra time is $20.00 per hour or portion thereof.

Tardiness – Parent are asked to notify the Center by phone if they are going to be late in picking up their child.

Emergency tardiness during the operating day: If the Center is notified that the child will be picked up late (but before 6:00 p.m.) due to an emergency situation, and if an Extra Time Request Form is filled out and returned to the room on that day, extra time charges will apply.

Tardiness at the end of the operating day (extra time is not available after 6:00 p.m.): The penalty fee for picking up a child after 6:00 p.m. – per child/ per 15 minutes or portion thereof is:

<table>
<thead>
<tr>
<th>Time</th>
<th>Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>1st &amp; 2nd time</td>
<td>$20.00</td>
</tr>
<tr>
<td>3rd time</td>
<td>$30.00</td>
</tr>
</tbody>
</table>
4th time or more: $50.00
(After the 4th time, a conference will be held with the Director before your family may continue using the Center.)

Field trip fees are charged based on cost. Those families who are unable to afford the cost of a field trip should submit a written request for a waiver of fees to the Associate Director in the Children’s Learning Center Office.

Escort fees – There is a flat monthly fee charged for escorting children enrolled in our after-school program from buses and Hartford University School students enrolled in our after-school program from school. There is a monthly fee for children transported from Shorewood Schools by Children’s Learning Center staff. Check the UWM Children’s Learning Center Fee Structure for the cost.

**Billing**
Bills are mailed about the middle of each month for the following month and payment is due the first day of that month. A late payment fee of $10.00 per month will be charged to accounts which are past due after the tenth working day of the month unless prior arrangements have been made with the Associate Director. Past due accounts will be subject to collection action. That action may include cancellation of enrollment, a hold placed on UWM student records, submission to the UWM Accounts Receivable Office for tax intercept and/or placement with a collection agency.

All payments for child care services are processed by the UWM Cashier’s Office. Payments may be made in three ways:

1. Checks should be made out to: “UWM Children’s Learning Center” and mailed (in the envelope provided with your bill) to:
   The University of Wisconsin – Milwaukee
   Cashier’s Office
   PO Box 500
   Milwaukee, WI 53201

2. If paying via online banking (check transfer), please put “child care” in the ‘memo’ field for all payments.
3. Payments may be made in person (using cash or check) at the UWM Cashier’s Office, Mitchell Hall, Room 285, 3203 N. Downer Avenue.

Amounts paid in excess of amount owed will be refunded to families no longer attending the Center.

The UWM Children’s Learning Center accepts public assistance vouchers/payments. Parents are required to discuss third party authorization with the Enrollment Manager and Associate Director upon acceptance to the Center. The parent will continue to receive a monthly statement so charges and payments by the third party can be monitored, and is responsible for the payment of any fees not covered by the funding agency.
Parking Your Car to Drop Off & Pick Up Your Child(ren)

The Children’s Learning Center has 10 dedicated parking spaces located on the west side of surface lot #59035, closest to the NorthWest Quadrant (NWQ) parking garage. These spaces have a Children’s Learning Center parking meter directly in front of them. If you park in one of these spaces, you must have a Children’s Learning Center parking card hanging from your rearview mirror (visible to parking checkers) and you must push the button located on the front of the parking meter. This will give you 20 minutes maximum to drop off and/or pick up your child(ren). Feel free to use less than 20 minutes – other parents may also be waiting for one of those spaces to drop off or pick up their children. Parking cards are mailed to new families with their acceptance letters; additional cards are available from the Children’s Learning Center receptionist. Parents need to accept responsibility for tickets received while parked in any of these parking spaces.

In that same lot, there are 8 parking spaces (with no signage in front of the spaces) available to anyone pre-paying for parking at a pay station or by using ParkMobile. Instructions for ParkMobile are available on a sign in the parking lot.

There are also 4 parking spaces with signs reading ‘VISITORS – 30 MINUTE PARKING – PAY IN ADVANCE’ available to anyone pre-paying for parking at a pay station or by using ParkMobile.

There are also 4 disabled parking spaces; you must have a disabled permit/plate/hang tag to park in one of these spots and pre-pay for parking. The rest of the parking spaces in the lot (designated by the sign reading ‘THIS SPACE IS RESERVED FOR STAFF/FACULTY’) are only for use by faculty and staff who have purchased a Regular ‘Hunting’ Permit. (Others MAY park in one of these spots after 3:00 p.m., if available, pre-paying for parking at a pay station or by using ParkMobile.)

Lot #59035 and the adjacent lot #59036 are one-way; for the safety of all, please only drive counter-clockwise – SLOWLY – there is a lot of pedestrian traffic – mostly our families!

(The circle driveway is a ‘No Parking’ zone. Please do not park in the circle driveway. UWM Transportation Services may ticket you if your car is in this location.)

Public parking is also available in the NWQ parking garage (lot #59033) excluding spaces with signs stating ‘RESERVED SPACE – NWQ RESERVED – PERMIT REQUIRED.’ Public parking must be paid for using ParkMobile or by pulling a ticket on entrance, and paying before exit.

Parking is enforced by UWM Transportation Services office (414-229-4000) located on the first floor of the UWM Union. Parents need to accept responsibility for tickets received while parked in any campus parking spots.
II. REGISTRATION INFORMATION

**Parent Classifications**
Parents are classified as either “Continuing,” “School-Age Summer Only,” “Wait List” or “New.”

**Continuing:** To establish continuing priority status for registration, your child(ren) must be enrolled for at least 8 weeks during the preceding semester. Families may elect not to enroll their child for the summer semester and still keep their continuing status. Newly enrolled children with a continuing sibling are also considered continuing.

**School-Age Summer Only** refers to school-age children who only come during the summer when they are off school. (These children are considered continuing as long as they come every summer.)

**Wait List** parents are those not currently enrolled, but are on the wait list for times from the preceding semester. Parents who are on the wait list have priority over new parents.

**New** parents are those who are applying for the first time or after a fall or spring semester of non-enrollment. (See “Continuing” status above.)

**Scheduling Options**
The Children’s Learning Center provides the following two scheduling options for infants/toddlers/preschoolers:

Full-Time/Full-Year – The slot is defined as a 55-hour week (7:00 a.m. – 6:00 p.m.), Monday through Friday from the first day of the fall semester through the end of the summer semester, excluding the periods when the Children’s Learning Center is closed. There are a limited number of these slots available. See “Full-Time/Full-Year Policies” for further information.

Half-Days – This option is defined as the time periods from 7:00 a.m. – 12:30 p.m. and/or 12:30 – 6:00 p.m. There is a ten-minute grace period for drop-off/pick-up only at the 12:30 p.m. time. As few as two and as many as ten half-days per week may be requested. If only two half-days are requested, they must be on two different days of the week. Half-Day schedules remain in effect from the first day of the semester up to the first day of the next semester. Families must reapply each semester.

In addition to the two scheduling options listed above, the Center has programs specifically for school-age children:

**Kindergarten program** for children ages 4 and 5. Applications for the kindergarten program are accepted the winter preceding the school year you would like your child to be enrolled in the program. See Kindergarten Policies for further information.

**Part-Time/Full-Year MPS/Shorewood School-Age Plan:** The Part-Time/Full-Year plan provides the option for MPS (Milwaukee Public Schools) & Shorewood school-agers to register
once a year in fall for an entire year. The Part-Time/Full-Year slot includes after school Monday through Friday during the school year, 7:00 a.m. – 6:00 p.m. on MPS/Shorewood School Closing Days (see III. Attendance/Scheduling, School Closing Days), and 7:00 a.m. – 6:00 p.m. Monday through Friday during the summer. See Part-Time/Full-Year Policies for further information.

**After-School Plan:** Children who are in K-3 up to 13 years old may schedule after-school care (11:00-6:00, 12:30-6:00, 2:30-6:00 or 3:30-6:00 p.m.). Families must reapply each semester. For those days when MPS/Shorewood schools are closed, additional hours are available. These must be requested in advance and are subject to approval.

**Full-Time/Summer School-Age Plan:** School-age children in this plan will be scheduled 7:00 a.m. – 6:00 p.m. Monday through Friday from the first day after school lets out in the spring through the last day of Summer Session F. Parents are billed a weekly rate for this plan.

**Weekly Summer School-Age Plan:** School-age children in this plan will be scheduled 7:00 a.m. – 6:00 p.m. Monday through Friday for requested weeks during the summer.

**Full-Time/Full-Year Plan Policies**
The Full-Time/Full-Year Plan is an option whereby parents purchase a full-time slot for 12 months. A slot is defined as a 55-hour week (7:00 a.m. – 6:00 p.m., Monday through Friday), from the first day of the fall semester through the end of the summer semester, excluding the periods when the Children’s Learning Center is closed. The following policies apply:

- The plan must be entered into at the beginning of each fall semester. (Slots may be available during the year.)
- A month’s deposit will be billed with an August 1 due date (or upon acceptance). The deposit is based on the age group and room your child is in. This deposit will be applied to the last month of the Plan year.
- Full-Time/Full-Year plan participants are billed a non-refundable application processing fee once a year, in fall, at the start of the contract year.
- Full-Time/Full-Year plan parents do not have the option of declining hours during exam weeks, UWinteriM and UWM spring break.
- The Full-Time/Full-Year billing option is a contract entered into for children attending the Center for an entire year only. If the parents of a Full-Time/Full-Year child wish to cancel the enrollment in this plan any time after their child has been accepted into the plan, the month’s deposit is forfeited if the slot cannot be filled with another child. Parents are billed for either a half month or a full month, depending on when their cancellation form is submitted. If the parents of a Full-Time/Full-year child wish to change from the Full-Time/Full-Year plan to the Half-Day plan at any time during the contract year, they may request the change by completing a schedule change form. If the change cannot be accommodated by adding other children from the waitlist they must either cancel completely, thereby forfeiting their continuing status and deposit, or complete their full-time contract

All other Center fees and policies apply unless stated otherwise.
Part-Time/Full-Year MPS/Shorewood School-Age Plan Policies

The Part-Time/Full-Year MPS/Shorewood School-Age plan is an option whereby parents with MPS/Shorewood school-age children may purchase a slot that meets the scheduling needs of school-agers. A slot is defined as after school Monday through Friday during the MPS/Shorewood school year, all published MPS/Shorewood School Closing Days, and 7:00 a.m. – 6:00 p.m. during the summer. The cost for the entire year is totaled and divided into 12 equal monthly payments. Parents are billed for either a half month or a full month, depending on when their cancellation form is submitted. The following additional policies apply:

- The plan must be entered into at the beginning of each fall semester only.
- The Part-Time/Full-Year MPS/Shorewood School-Age plan participants are billed a non-refundable application processing fee once a year, in fall, at the start of the contract year.
- The Part-Time/Full-Year MPS/Shorewood School-Age plan families do not have the option of declining hours during exam weeks, UWinteriM and UWM spring break.
- If a parent wishes to leave the Center or change to another scheduling option, no refunds will be issued for pre-paid summer fees.

All other Center fees and policies apply unless stated otherwise.

Kindergarten Policies

Our kindergarten operates as a full-day (7:00 a.m. – 6:00 p.m.) program; our private kindergarten gives families the opportunity for an extended-day kindergarten program not affiliated with a public school. Children must be 4 years old on or before September 1 of the enrollment year to be eligible for the kindergarten program for that year. There is a registration period conducted in the winter previous to the enrollment year. Kindergarten acceptance letters are mailed in February.

The kindergarten program provides two scheduling options (listed below). Whichever option you choose, kindergartners are expected to attend on a regular basis, 6 hours/day (8:00 a.m. – 2:00 p.m.).

- Kindergarten Academic Year –7:00 a.m. – 6:00 p.m., Monday – Friday for the academic year (Fall through Spring).

- Kindergarten Full Year –7:00 a.m. – 6:00 p.m., Monday – Friday slot for an entire year (Fall through Summer). This plan includes all the summer sessions with the school-age recreational program.

Priority for the kindergarten program is as follows:
1. Children currently enrolled in the Kindergarten program
2. Children of families currently enrolled at the Children’s Learning Center.
3. Children on a waiting list.
4. Children new to the Children’s Learning Center.

The following policies apply:
- Children enter the kindergarten program at the beginning of the fall semester; however, slots may sometimes open up during the course of the year.
• A month’s deposit is required for this program. One half of this deposit is billed when acceptance letters are mailed in March (due April 1). The other half of the deposit is billed with an August 1 due date. The deposit will be applied toward the last month of the kindergarten plan you’ve chosen.
• Kindergarten cancellations for the following year before June 1 will result in no penalty. Cancellations after June 1 but before August 1 will result in forfeiture of the half-month deposit. Any cancellations after August 1 will result in the forfeiture of the month’s deposit.
• A one-page kindergarten application will be due at the time of registration. Full fall applications for new children (or Family/Child Information Verification for a continuing child) will be required at a later date.
• Families enrolled in kindergarten do not have the option of declining exam weeks, UWinterM and UWM spring break.
• Billing is done in 9 equal monthly payments for the Kindergarten Academic Year plan, or 12 equal monthly payments for the Kindergarten Full-Year plan.

All other Center fees and policies apply unless stated otherwise.

**Applications**
Applications for children new to the Center are available approximately 2-3 weeks before the Priority Application Deadline dates listed on the Children’s Learning Center calendar. They are available both on our website and at our reception desk, and are available throughout the semester. Information provided on applications is re-verified by parents each semester thereafter.

Application Processing Fees (per family, not per child):

• Parents new to the Center must pay the New Parent processing fee. The charge for the processing fee can be found on the front page of the Children’s Learning Center Fee Structure. This processing fee must be paid at the UWM Cashier’s Office in Mitchell Hall prior to your application being submitted. If the child’s schedule cannot be accommodated and the parent does not wish to remain on the wait list, one-half of the amount will be refunded upon request.
• Wait List parents will not have an additional application processing fee charged.
• Continuing parents will be billed a non-refundable processing fee for each semester of registration. The charge for this processing fee can be found on the front page of the Children’s Learning Center Fee Structure.

**Application Processing Priorities**
Please note: having continuing status and/or turning your application in by the Priority Application Deadline date does not guarantee that space will be available. If your child care account is past due and no Payment Agreement is on file, your application will not be processed. There is a fixed ratio between the number of Student and non-Student children we accept; therefore, the first application processing priority is your university status. The second application processing priority is the scheduling option chosen on the child’s application. Full-Time/Full-Year or Part-Time/Full-Year children will be scheduled first until all allotted slots are filled.
After the above priorities have been considered, the seniority method will be used. The seniority for a family is equal to the total number of semesters that any child in the family has been continuously enrolled at the Center. (Seniority is established by family, not by individual child.)

After the Priority Application Deadline, any continuing families who have not turned in an application will lose their priority for that semester. Their application will be processed on a first-come, first-serve basis after all those turned in by the priority deadline.

**Enrollment Periods**

**Fall Semester:** Enrollment for the fall semester begins the week before the first day of UWM classes (Half-Day families have the option of beginning their Fall semester on the day that classes actually start) and ends with the last day of Exam Week.

  **Fall Exam Week:** Parents have the option of declining one or more days of their child’s schedule during these weeks. A form for this will be distributed to current families and needs to be submitted by the date indicated. Full-Time/Full-Year, Part-Time/Full-Year School-Age, and UWM Kindergarten children do not have this option.

**UWinteriM:** Half-Day families enrolled for Fall have the option of signing their child/ren up for any part of the 3-week UWinteriM session in January. Forms for this will be distributed to current families and need to be submitted by the date indicated.

**Spring Semester:** Enrollment for the spring semester begins with the first day of classes and ends with the last day of Exam Week.

  **UWM Spring Break Week:** Parents have the option of declining one or more days of their child’s schedule during this week. The form for this will be distributed to current families and needs to be submitted by the date indicated. Full-Time/Full-Year, Part-Time/Full-Year School-Age, and UWM Kindergarten children do not have this option.

  **Spring Exam Week:** Parents have the option of declining one or more days of their child’s schedule during these weeks. A form for this will be distributed to current families and needs to be submitted by the date indicated. Full-Time/Full-Year, Part-Time/Full-Year School-Age, and UWM Kindergarten children do not have this option.

**Summer Sessions:** Enrollment can be for any number of our summer sessions. Enrollment for infants, toddlers and preschoolers must be for full 2-week sessions only, with the exception of Early Week of Summer. School-age children may be scheduled in 1-week sessions. To establish continuing priority status for fall semester, children new to the Center must be enrolled for at least 8 weeks.

**Acceptance Notification**

Parents will be advised by mail regarding their acceptance and scheduling status prior to the beginning of each semester. The dates that acceptance letters are mailed for each semester are listed on the Children’s Learning Center calendar.
Schedule Changes

- Once you have submitted your requested schedule, there is no ability to drop time unless the Center has a waiting list and is able to fill the time by scheduling another child; however, Schedule Change Forms to drop time can be turned in at any time.
- Once you have submitted your requested schedule, there is no guaranteed ability to add time; however, Schedule Change Forms to add time can be turned in at any time.
- All schedule changes are to be submitted on a Schedule Change Form, available online and at the reception desk. The Enrollment Manager will notify you if the changes have been approved and when they take effect.
- Schedule changes will not be accepted for children enrolled in the Full-Time/Full-Year, Part-Time/Full-Year School-Age, or UWM Kindergarten plans.
- There is a $5.00 charge for every Schedule Change Form processed.
III. ATTENDANCE/SCHEDULING

Arrival/Departure
The Center must be entered and exited through our secured main entrance by the reception desk. Any unfamiliar person picking up children must stop at the reception desk and show picture identification before being shown to the child’s classroom. (This includes parents/guardians, emergency contacts or any other person you’ve designated as authorized to pick up your child.)

The Children’s Learning Center MUST be notified as soon as possible if your child will not be in attendance or if they will be arriving later than their scheduled time. Wisconsin Child Care Licensing requires that child care programs contact families when children do not arrive as scheduled and there has been no notification of absence or late arrival. If your child has not arrived three or more hours after their scheduled time, and we have not heard from you indicating that your child will be absent or arriving late, we will call you to determine your child’s attendance status. We will call each phone number you supply for each parent. Parents calling to notify us of absences or late arrivals also allows us to plan for walks and outings, utilize staff time appropriately and grant extra time requests as they arise. (Please note: If your child is arriving for our after-school program by bus, we will begin notification as soon as we know that your child did not arrive on the bus, or when the bus does not arrive within 20 minutes of its expected arrival time.)

Please make sure, when arriving at and leaving the Center, that your child(ren) remain with you at all times. (This includes not sending an older sibling down to the school-age wing or having a child wait in the lobby while taking their sibling to his/her classroom.) Both Licensing and Accreditation require that children must be with a parent or adult at all times.

The Children’s Learning Center’s responsibility for a child begins when a child is signed in by the parent or other authorized person, and ends when the child is signed out by the parent or other authorized person. Both the correct times and the individual’s initials must be recorded. Because of the importance of having accurate accountability for all children at all times, a penalty fee will be assessed for failing to sign in or out. See Penalty Fees. Written permission must be on file for parents wanting their school-ager(s) to sign themselves in and/or out.

In order to help reduce the risk of transmission of infectious diseases, accreditation standards require that all children wash their hands upon arrival. (Staff always wash their hands before they begin work in a classroom.) In order for the Center to be in compliance with these criteria, we are asking that families with younger children assist their child with handwashing as part of their regular drop-off routine. Families with older children should see that their child washes their hands before they join other children in activities.

During the warmer months, it is requested that parents apply sunscreen to their child before they come to the Center. If you prefer to apply it here, there is sunscreen in each classroom for use on children; after parents apply it to their child, there is a box on the child sign-in sheet for the parent to initial, so that we know that the child has had sunscreen applied.

Only those persons authorized by the parent(s) on the application or on an Information Change...
Form (available online and at the reception desk) are authorized to sign-out/pick-up or visit a child. Authorized persons must be at least 13 years of age. Please make sure that someone other than the parents is authorized to be an emergency pick-up person and that these persons are aware that they are on your child’s emergency list. We may need to contact these adults in urgent situations (e.g., a child is ill and needs to be picked up and the parents cannot be reached, or the parents themselves have had an emergency situation come up and are unable to pick up their child by the end of the day). These adults should be able to handle an emergency (e.g., the child is having a seizure and is on their way to the hospital and the parents are not able to be reached by phone). In a situation where the parent is unavailable or cannot be reached for a prolonged period or after the Center has closed, and we have no emergency contacts, we will need to contact Protective Services to care for the child(ren) until the parents are able to do so.

In families where the parents are separated or divorced, the custodial parent(s) must have on file at the Children’s Learning Center a copy of legal documents stipulating custody. Only the parent who is listed on the child’s most recent application form as having legal custody is authorized to pick up or visit the child, unless that parent lists the other parent as authorized to pick up the child.

Parents need to be aware that, for safety purposes, the office closing person, the Center closing person, and the room closing teacher all must stay in the building until all parents and children have left the Center. Many of these employees take classes, have staff meetings, have family obligations, need to catch buses or rides, or have children of their own to pick up. If you would like to spend time with your child in their room or spend some time talking to one of your child’s teachers, please arrive early enough so that you will be ready to leave by 6:00 p.m.

The safety and well-being of the children in our care is of primary importance. If any child care staff believes that an adult who is picking up a child is impaired and not in a condition to drive or adequately care for the child’s safety, the staff should not release the child to an adult until the child’s safety is assured. Staff will offer to call a cab at the adult’s expense or call another authorized adult to assist in picking up the child. Determining whether or not to release a child in this situation is difficult for the adult, the child, and the staff member. Our primary obligation, however, is to protect the safety and well-being of the child. The Campus Police stand ready to assist us, if necessary.

**Vacations/Illnesses**
No vacation credits will be granted. Credit for child illness-related absences, which exceed five consecutive operating days, will be granted to Half-Day parents. Credits will begin with the sixth operating day after the first day of absence, when a note from the child’s pediatrician is submitted. No illness credit will be granted to children in the Full-Time/Full-Year plan, Part-Time/Full-Year School-Age plan, Linden Room Kindergarten plan, or School-Age Summer-Only plan.

**Extra Time**
“Extra Time” can be requested in the event that you need time outside your child’s normal schedule. We recommend that these requests be made at least one day in advance so that you can make other arrangements if we are unable to grant your request. If it is not possible for you to
submit a request prior to the day in which you need an extra day, half day or after-school day, call for approval that day, before coming in. Please do not assume time will be approved – the room may already be at capacity, staff may be ill, or extra time may have been granted to others. Make personal contact with the Lead Teacher if your request is on short notice. We are not able to grant extra time more than a week in advance, although we can take your request and give it priority if space is available. You will need to check back to see if we were able to grant this time.

Extra Time Request Forms are available in each classroom and at the reception desk. Please fill out a separate form for each separate day that you need additional time. Once the Lead Teacher signs the form, the extra time is approved. Parents are responsible for making sure that Extra Time Request Forms are filled out and approved before using that time.

Canceling Requests: Be sure to inform the room if you no longer need extra hours so that these hours may be given to others who request them.

Rates: Extra time will be billed at a rate that is greater than the scheduled rate. See current Fee Structure. Unused scheduled days, half days and/or after-school days may not be traded for Extra Time.

**School Bus Arrival/Departure**

For children bussed to our Center, we require that parents complete a School-Age Arrival Information/Permission form. This form allows us to escort and sign in all children enrolled in our after-school program upon arrival. In addition, the information you provide allows us to know when your child is due to arrive and alerts us to begin contacting the child’s school if he/she does not arrive at the expected time. We do begin backtracking any bussed child who is 15-20 minutes late by contacting the school – or you – if your child does not show up. If your child is absent, please notify us so we do not begin this procedure unnecessarily.

**School Closing Days**

Families with school-aged children enrolled in Fox, Owl or Lynx Room will be given the opportunity to sign up for additional care on published Milwaukee Public Schools and published Shorewood closing days. A sign-up form will be mailed prior to or at the beginning of the fall and spring semesters. You will be billed at regular rates for all times requested by the date indicated on the form. No cancellations of additional days will be accepted after the deadline for submission has passed. Part-Time/Full-Year School-Age Plan participants: See Part-Time/Full-Year School-Age policies in regards to school closing days sign-up procedures.

**Snow/Severe Weather Policy**

In the event that UWM classes are canceled due to a snow/severe weather emergency or other emergency by or before 8:00 a.m., we will be closed. Official announcement of cancellation of classes will be made on area television and radio stations. No separate announcement will be made regarding the Center. You can also obtain information regarding class cancellations by calling 229-4444 or by going to UWM’s homepage at [www.uwm.edu](http://www.uwm.edu). If University classes are canceled after 8:00 a.m., the Center will remain open.
If the University cancels classes and closes administrative offices, the Center will close. No credits will be issued if the Center is closed due to a snow/severe weather emergency or other emergency.

When MPS/Shorewood close for snow/severe weather emergencies, and the Center remains open, Fox, Owl & Lynx Rooms will open at 7:00 a.m. Call the Center as early as possible to request care. Extra Half-Day rates apply. These days are not included in the Part-Time/Full-Year School-Age Plan.

**Cancellation**
If you wish to cancel your enrollment, you must fill out a Cancellation Form, available online and at the reception desk. Families will be billed and liable for all scheduled hours up through the day that the Cancellation Form is received. See Full-Time/Full-Year, Part-Time/Full-Year School-Age Plan, or Kindergarten policies for information regarding additional penalties.

Cancellation includes loss of continuing status and seniority. When a continuing family chooses to cancel their enrollment, they will be cancelled for the current semester and the following semester, if they’ve already registered for the following semester. If they then choose to re-apply, they would be considered a new family.

**Discharge**
We reserve the right to give written notice of cancellation of the enrollment of a child for any of the following reasons:
1. Neither parent meets the eligibility criteria;
2. Non-payment or excessive late payment of fees;
3. Non-compliance with the policies and procedures as outlined in the Family Handbook;
4. The child has special needs which the Center cannot meet, including disruptive behavior which requires a disproportionate amount of one-to-one attention or is putting the safety of themselves, other children, or teachers in jeopardy;
5. Physical or verbal abuse of staff or children by a child or parent;
6. The child is not in attendance at any time during two weeks of any enrollment period and the Center is not notified that the child will not be in attendance;
7. Neglecting to inform the Center in advance if a child will not be arriving from school when the Center is responsible for the safe arrival of that child;
8. Neglecting to fill out and return required forms promptly.
IV. PROGRAM DESCRIPTION

Staffing
Our Director and Associate Director oversee the Center. Degreed Program Coordinators oversee the infant, toddler, preschool & school-age wings. Program Coordinators are responsible for managing and supporting a group of 4-5 classrooms. This includes training Lead Teachers; working with the Lead Teachers to train, manage, evaluate and schedule student staff; assuring that effective staffing is maintained in classrooms; and providing leadership in developing curriculum and assessment.

A degreed Lead Teacher handles programming for and coordination of each room. Each Lead Teacher contributes to Center-wide policy development and is involved in the issues and concerns of child care in general.

The Lead Teacher works full time and is the primary teacher in each classroom. UWM students, studying in a variety of fields, comprise the remainder of the room’s staff. They bring skills in areas such as education, nursing, art and music into the rooms as they work with children. Training of staff is done primarily by the Lead Teachers in conjunction with the Program Coordinator. All classroom staff are CPR/AED and First-Aid certified and are required to take early childhood classes and keep up to date on inservice and continuing education requirements.

As part of the University, the Center is often used for placement and training of student teachers, field experience students, and volunteers-for-credit. These adults are not counted in our staff-to-child ratios.

Curriculum
In each of the classrooms, there exists a shared belief in the value of play and exploration as the major vehicle by which children learn. Teachers facilitate play activities and help supply the words for the concepts and feelings children express in their play as they learn how to interact with the various elements that comprise the world. In group play, children learn sharing, consideration and tolerance, and develop meaningful relationships with other children and the adults who care for them. Importance is placed on overall development rather than isolated parts of it, and on creative environments in which both children and adults are encouraged to learn and grow.

Our programs operate in an open classroom setting with interest areas (e.g., role play, blocks, science). Structure is suggested through materials, classroom design, teacher activities and child-initiated activities. Structure also occurs through daily routines, which provides a natural, real-life structure.

Although room materials and ways of learning may outwardly appear to be the same in each room, the complexity and manner in which your child interacts with these materials and the way in which they are presented change as your child grows.
**Documentation, Assessment, Screening and Child Files**

Quality programming is essential in all of the programs at the UWM Children’s Learning Center. As a part of our accreditation and program planning, teachers in the classrooms use the following tools to record and gather information on each child and the group of children that are in their care. This information is shared with individual families, used for curriculum planning, setting up the classroom environments, documentation of children’s work and assessment for future planning.

Room Child Files, Anecdotal Records, and Assessment – Every child in the infant, toddler, preschool and kindergarten classrooms has a child file. On a daily/weekly basis, teachers record and gather information (anecdotal records) about each of the children’s interests, activities that they participate in, children that they play with, and development abilities that are demonstrated while they are at the Center. This information is shared with all classroom staff so all teachers who work in the room are knowledgeable about each child in their room and teaching can be individualized to the child’s learning style.

As a part of the child’s file, teachers also take photos of the children during their play and may save some of the children’s artwork in order to demonstrate the stage of drawing that they are exhibiting at that time.

We ask families for activities that they see in their home that the child enjoys, new things that they are learning, things that they observe that might be more challenging for the child at that time. You are welcome to do this on a daily basis, and we also ask that - at least on a semesterly basis - you provide information in writing to be included in your child’s files. Family observation is a vital aspect of our overall assessment process. We want to know your thoughts and observations of your child’s interests, strengths and social adjustment.

Within 3 months of starting at the Center, a development screening/assessment is completed on each of the children. Using the Child Development Review, developed by Harold Ireton, Ph.D., we identify the child’s developmental growth at that time. Information is kept in the child’s file, shared with parents and, when warranted, a more thorough diagnostic screening is suggested to the parent.

Every year, a speech and language screening (March) and vision screening (May) is offered to families of children ages 3 through 5. (Screening of younger children can also be provided.) These screenings are free at the Center and are conducted by the UWM Speech and Language Clinic and Prevent Blindness-Wisconsin. Other screenings (e.g., audiology, large motor, fine motor) may be offered depending on UWM partnerships available.

Using NAEYC (National Association for the Education of Young Children) accreditation standards, Wisconsin Model Early Learning Standards (and Wisconsin Common Core in the kindergarten classroom), curriculum in each of our classrooms is planned based on observations of each child. Daily activities are play focused and are organized around the domains of learning. Much of the work of Magda Gerber, High Scope and Reggio also influence the curriculum in our classrooms. Documentation of the children’s work can be found in individual child files and seen throughout the Center in the artwork, writings and photo displays.
Individual room child files containing information about a child’s activities and development while at the Center are available in each of the infant, toddler, preschool and kindergarten classrooms for you to look through at any time.

- Children are assessed by the *Lead Teacher using Wisconsin Model Early Learning Standards, collections of children’s drawings, photos of the child in the classroom, and teacher observations. This information is used for developing the curriculum in the classroom and identifying your child’s developmental needs and interests and planning program improvement.
- Child files containing this documentation are kept in a confidential folder in the child’s classroom. Only Center staff, individual families, and those with written family permission have access to a child’s file.
- Assessments are ongoing, as teachers document children’s work on a regular basis. Written information is given to families during the Fall and Spring semesters, and on a daily basis teachers are available to families to talk about the child’s day, interests and development. Families and staff are encouraged to collaborate to best meet the needs of each individual child.
- Assessments and screening describe for teachers and families the developmental progress of children. This information is helping in adapting teaching practices, family involvement and program development.

*As age group appropriate, Lead Teachers have been trained on the Wisconsin Model Early Learning Standards. Families are welcome to look at these materials and add to it any information that they are seeing at home.

**Approach to Traditions**
Throughout the year, traditions represent signposts to both adults and children. Passing seasons, changes in growth and development, and cycles of weather are all part of our yearly celebrations. The Children’s Learning Center celebrates the spirit of the season – family, friendship, and goodwill – rather than particular holidays.

Families and staff at the Center represent many cultures and religions, and thus celebrate many different holidays in their homes. We want to be sensitive to, and respectful of, the variety of beliefs and traditions of all families and staff in our Center. Out of respect for this diversity, we do not celebrate holidays. The culture of our Center is about acceptance and learning about the diversity that our children and families bring to us.

We do encourage children and families to share their traditions and activities with their classmates. This means that your child may be introduced to a variety of age-appropriate seasonal activities that have been brought by other families and children for sharing in the classroom. If you have a family tradition, holiday or otherwise, that you would like to share in your child’s classroom, we welcome you to bring this to the Lead Teacher. We appreciate your advance notice to best review for age appropriateness.
Cultural Diversity
A culturally diverse approach provides us with a framework for developing classroom activities that promote respect for individual differences. Here are some of the guiding principles:

- A culturally diverse curriculum is based on what we know about the stages of development children go through in developing their identities and attitudes about others.
- Children live in a diverse and complex world, interacting daily with people different from themselves. A culturally diverse curriculum is a proactive approach, which reduces prejudice and promotes inclusiveness.
- An important aspect of a culturally diverse curriculum is helping children to recognize biases and stereotypes when they encounter them in themselves and others.

Programming for Flexible/Full-Time Scheduling
Because we serve a campus community, children’s schedules may differ from those of others in their classroom, both in number of hours and days in attendance. High staff:child ratios help us to accommodate transitions, which occur as a result of flexible scheduling and guarantee that children’s individual needs are met and quality care is provided.

Our open classroom design and our educational philosophy lend themselves well to meeting the needs of children with varied schedules. Children do not need to attend full-time to profit from the curriculum offered. While it is not possible to plan field trips that all children can take part in at the same time, we try to do planned field trips on varied days, and at varied times of the day, throughout the semester.

School-Age Programming
The Fox, Owl & Lynx Rooms serve children K-3 up to 13 years old. These school-age programs are designed to offer children a safe, enjoyable place to spend some of their out-of-school time. Children have many opportunities to make significant choices about how they spend their time. A wide variety of different activities is available every day including games, arts and crafts, hobbies, sports and playground activities. As a member of the classroom community, children will be encouraged to participate in establishing classroom rules and to take responsibility for the care of the room. The children have numerous opportunities to develop friendships with many children of different ages. A great deal of emphasis is placed on positive relationship skills such as cooperation and teamwork, good sportsmanship and conflict resolution.

Summer Programs
We offer a summer recreational program in the School-Age rooms to meet the special needs of children when they are out of school for summer vacation. Some of the special features of the programs are 1) Swimming: Children swim regularly at the Klotsche Center pool on campus. The staff in the program swim with the children, and a certified lifeguard is always on duty as well. 2) Field Trips: Every Thursday the children in the summer program take an all-day field trip (9:30-3:30) on a school bus to a variety of interesting locations in southeastern Wisconsin. Typical field trips have been to Cool Waters Park in Greenfield, Barthel’s Berry Farm to go strawberry picking, and Shalom Wildlife Sanctuary.
**Becoming Involved in Your Child’s Curriculum**

In order for children to learn and grow, it is important that the adults in their lives demonstrate a respect, excitement and involvement in the activities children engage in. We encourage you to be involved in the themes and activities carried out in the classroom and to find ways to bring your personal interests, skills, and resources to these.

Keying into classroom topics and activities can also mean thinking of: 1) items you may have at home that may complement classroom activities (e.g., special book, a table loom, specialized maps, a collection of some sort); 2) guest demonstration that you or a friend or relative can provide (e.g., silk screening, dental tools, violin playing); 3) discards from your work place or places of business you come in contact with; and/or 4) field trip possibilities/contacts you may be aware of.
V. CLASSROOM ROUTINES AND PROCEDURES

Preparing For The First Day
Please visit the classroom with your child prior to their first day in the Center. Spend time in the room with your child while they get acquainted with the teachers, the children, and the new surroundings. This is especially important for your child if they have never been in a group care situation before. Prior to your child’s starting, the Lead Teacher may call you for an intake conference to get information from you about your child. Generally, these take 15-20 minutes.

Below is a partial list of items to label and bring with you on your child’s first day (complete list mailed with your acceptance letter):

- A lunch (labeled with child’s name/date), if your child is an attendance between 11:30-12:30.
- An adequate supply of disposable diapers, if your child wears them, and diaper wipes.
- 1-3 complete changes of season-appropriate clothing (depending on child’s age).
- A blanket and favorite cuddly, if your child will be napping (only for those over 12 months).
- Outdoor clothing (including coat, snowpants, hat, mittens & boots during the colder months)
- Swimsuit and towel (during the summer semester).

The length of time it takes for your child to feel comfortable with the room and the children and teachers in that room depends on your child’s personality, past experiences, and the length of time they are scheduled. The Center’s staff members will work with you to make the adjustment go smoothly. If possible, arrive early so you are able to say good-bye to your child in a relaxed manner. Rest assured that your child will be attended to and not left to cry. If you’d like, wait outside the room out of sight until you feel comfortable leaving, or call the Center later to ask how things are going.

Lunches and Snacks
Our nutrition guidelines and snack/lunch procedures are based on state licensing regulations and USDA guidelines. Ideas and suggestions for nutritious lunches are available from the office or your classroom’s Lead Teacher.

State licensing regulations require that children who eat lunch at child care centers, regardless of whether the parents or the center provides it, be provided a food in each of the following categories.

- Protein source, such as meat, poultry, fish, eggs, cooked dried peas or beans, yogurt or cheese. (If there are no children with severe allergies to nuts in your child’s classroom, you may provide peanut butter to your child in lunches from home. If there is a child with a severe allergy to nuts in your child’s classroom, we will notify you and ask that your child’s lunch not contain peanut butter or nut products.)
- Two servings of vegetable(s), or one vegetable and one fruit, or two servings of fruit(s);
- Cereal or whole-grain or enriched bread products;
- Grade A vitamin D milk for children between 1-2 years of age who are not on formula or breast milk, 1% milk for children over 2 years of age, unless the parent requests whole milk. (The Center provides both types of milk.) If your child is unable to drink cow’s
milk, please bring in an alternative milk (e.g., soy milk, lactose-free milk) and written authorization from your child’s physician.

Staff responsible for setting up lunch will check to see that children’s lunches fulfill these requirements. If a child’s lunch does not meet licensing requirements, the staff will supplement that child’s lunch. Staff will make note of children’s lunches that need to be consistently supplemented so that the staff can notify the parent(s) of this requirement and ask that lunches brought from home be complete. If you forget to send a lunch with your child, one will be provided by the Center; you will be charged for this on your child care bill.

Lunches are generally served sometime between 11:30–12:30. If your child will be leaving to eat lunch elsewhere, a piece of fruit or a similar light snack can be sent. No lunches will be served after 12:30 p.m. except in infant programs, as those children are fed on their own individual schedules.

Each classroom has its own refrigerator to keep perishables cold until served. Please refrain from sending your child’s lunch in an oversized lunchbox that must be refrigerated. Refrigerators must be kept at 40°F at all times, and even new refrigerators will not maintain this safe temperature if they are filled to capacity. Only the lunchbox needs your child’s name and date, not the individual components of the lunchbox.

Please send food in small, covered plastic containers so food can be saved if your child eats only a bite or two. Lunch remains will be saved to take home, unless they are “spillable” items in disposable containers (juice boxes, yogurts without tightly closeable lids, etc.). This helps parents to determine what their child has eaten that day.

Our food warming space in classrooms is limited. If you wish to provide your child with a warm lunch, consider sending it in a thermos; otherwise be sure to send items in microwavable containers. (Please do not send glass other than Pyrex.) Classrooms have microwaves and they will be able to warm some items, but please keep these to a minimum. Warming a large number of items creates delays for children and takes away from the time staff can be interacting with children during the lunch period. Please only send lunch items that need to be warmed, not cooked. (We do not have the facilities to cook, and we are required to keep foods hotter than 110 degrees Fahrenheit out of children’s reach). Lunches should also be sent “ready-to-serve” with meat, vegetables and fruit already cut to appropriate serving size. For infants and toddlers, fruits and vegetables should be peeled, and food cut small enough to swallow whole according to the child’s developmental ability.

We encourage, but do not demand, that children eat their lunches in any particular order (e.g., dessert last). Generally, if children are offered small portions and a number of healthy choices, they will choose adequate diets for themselves. Children are encouraged, but not forced, to eat snacks or lunches. At no times are foods used as threats or bribes (licensing requirement).

A word of caution: More than 40% of food-choking deaths among children are a result of eating hot dogs, hard candies, nuts or grapes. The following will not be served by the Center to children under 4 years of age, and those children should not come with these items in their lunch: raw
carrots, whole grapes, raw peas, hard pretzels, tortilla chips, popcorn, nuts, marshmallows, and chunks of meat that can’t be swallowed whole. Hot dogs must be cut lengthwise, not coin-style, and grapes should be halved or quartered, depending on the size. Carrots must be served in sticks, not coin-style. Small Ritz Bits cheese- and peanut-buttered-filled crackers also pose a choking hazard. Do not send hard candies, cough drops or gum, as these are easily aspirated. Honey should not be sent in lunches of children under 12 months.

Children are generally hungry every few hours and eat small amounts of food a number of times throughout the day, rather than eating larger amounts three times a day. For this reason, snacks are served several times each day. They are served mid-morning and mid-afternoon, with lunch being offered sometime between 11:30-12:30.

Snacks for children aged 1-12 will consist of two of the following components (milk and water is also offered at every snack): fruit or vegetable, grain, protein. Portions are dependent upon the child’s age. The majority of our snacks consist of unprocessed foods, and where appropriate, whole grain flours. We substantially reduce sweeteners. We do not serve artificially sweetened products. We do not serve any products that contain peanut butter, peanuts or other nuts.

An optional early morning snack from home can be served anytime before 8:00 a.m. Please label your child’s snack items so they are distinguishable from their lunch items if they are included in their lunchbox. If your child has an early morning snack at the Center on a regular basis, you may want to keep a container of cereal in the classroom kitchen. Please send this in a tightly-covered food-grade storage container; the Center is required to store foods in this manner.

Parents need to provide food, formula, and a supply of bottles/nipples from home for their infant. Bottles must be permanently labeled with the child’s name. Bottles will be heated in crock pots for children in the infant rooms. Baby food jars must be factory sealed – if they are already opened, we will not be able to serve it. The baby food will be served at room temperature (or warmed in a crock pot, if requested by the parent). No solid food will be served to children under 6 months without instructions from a health care provider and family permission.

**Bottle-fed infants:** Parents need to provide enough pre-made bottles for their child’s scheduled time here at the Center, and an additional bottle to use as an emergency supply for back-up, in case one of the bottles has a leak or your child is extra hungry. The bottles will need to be brought to the Center daily in a lunch bag with the child’s name and placed in the refrigerator. After your child has been offered a bottle, it will be put directly back into their lunch bag.

**Moms who pump:** Breast milk should be thawed and put in bottles in the amount you want given to the child (i.e. if your child drinks 4-oz. bottles, measure 4 oz. of breast milk into each bottle. Do not send in frozen bags of breast milk, and do not bring in a large bottle of breast milk for us to make multiple bottles with. The bottles will need to be brought to the Center daily in a lunch bag with the child’s name and placed in the refrigerator. Any unused breast milk will be sent back home in your child’s lunch bag.

**Nursing moms:** We encourage you to breastfeed before leaving the Center. Please leave at least one serving of breast milk in our freezer to be used on an emergency basis when you will not be
able to come and nurse him/her. Mothers may breastfeed their child in any area of the Center you are comfortable doing so. We do have three lactation rooms located on the ground floor by the central staircase. Parents can get information on our partnering with nursing mothers to support breastfeeding from the Infant or Toddler Program Coordinators or any of the Infant/Toddler Lead Teachers, and copies are available in the lactation rooms. UWM also has a Lactation Program that provides nursing mothers with clean, comfortable and private rooms to use when you are on campus. Seven lactation rooms are available to you (Kenwood Interdisciplinary Research Complex 2085, Chapman 150F, Cunningham 703A, Engelmann 168, Union WG26, School of Fresh Water Sciences 3090A, and Zilber School of Public Health Building [downtown], Room 222). The website to get more information is uwm.edu/hr/lactation. Please let us know if there is anything we can do to help support breastfeeding.

If your child drinks a bottle of whole milk (from the milk that the Center provides), we ask that you send a clean bottle daily and we will put the bottle back into their lunch bag for you to take home and wash. The bottle/s will need to be brought to the Center daily in a lunch bag with the child’s name and placed in the refrigerator.

We provide milk for lunches, and milk or juice and water for all snacks. The Center will not offer juice to infants. Drinking (tap) water will be offered to all children throughout the day.

Parents give permission, as part of our application process, to post children’s allergies, medical conditions and any parent special requests. If your child has special dietary needs, you may want to send along snacks for your child that meet these needs if the snacks we serve don’t meet those needs. If your child is on a special diet and/or must eat at specific times, be sure to notify your child’s teacher; there is a form you will need to fill out.

We provide appropriately-sized utensils and drinking glasses for lunches and snacks. Please be sure to return any Center utensils that may inadvertently get packed away in your child’s lunch.

Staff will wash hands before handling foods. Children will wash hands before and after eating. Face cloths will be provided during meals. Please send a napkin in your child’s lunch if you wish them to have one.

Since we do not serve two meals each day, toothbrushing is optional. If a parent would like their child to brush their teeth, they can send a toothbrush in their child’s snack/lunch bag. Toothbrushes will go home every day in the child’s snack/lunch bag, and it will be the parent’s responsibility to clean the toothbrush daily and return it. In infant rooms, teaching staff will wipe children’s gums in order to remove food and plaque after bottle feeding.

**Birthdays & Other Celebrations**

Many of our families like to bring in treats to celebrate their child’s birthday or their last day in a classroom before moving to the next age group or leaving the Center. At the Children’s Learning Center, we feel we have a shared responsibility to help your child establish lifelong habits of healthy eating patterns. By establishing healthy habits early in life, children can dramatically reduce their health risks and increase their chances for longer, healthier lives.
If you bring a treat to be shared with others, please do not bring cake, cookies, cupcakes or other sweets, artificially sweetened products, peanut butter products, nuts, or any product containing nuts. We will not be able to serve it to the children. Parents will be asked if they would like to take the treat home or leave it for the staff to enjoy. A handout of suggested treats can be obtained from your child’s teacher.

NAEYC accreditation requires food that is brought from home to be shared with others, be food that is commercially prepared and in factory-sealed containers with the ingredients listed on the container, or whole fruits and vegetables that are prepared at the Center.

Whether or not families bring in a treat, the classroom will acknowledge your child’s special day. We’d like to offer you an alternative (or addition) to bringing treats for your child’s birthday. Celebrate by bringing a book for the classroom with your child’s name and birthdate inside the front cover. Gift-wrap it and we’ll enjoy opening the gift and reading the book on your child’s special day. (Please be sure the book follows the Center’s multicultural, non-violent philosophy.)

**Food Allergy Management Plan**

The Children’s Learning Center has a number of children who have allergies to various foods. Allergic reactions can vary from a relatively minor reaction of itchy, watery eyes to a reaction that is life threatening. To avoid allergic reactions to foods, the Center has adopted these practices:

1. All families are asked to give the Center information on any food allergies that their child has. This information is then posted in the classroom. Families are required to complete a Health History and Emergency Care Plan form so that staff working with your child can be alerted as to the allergy and specific action to take should an allergic reaction occur.

2. Allergic reactions, specifically to peanuts and tree nuts, can cause a life-threatening (anaphylactic) reaction for individuals. Children with anaphylactic reactions to foods must have an unexpired Epi-pen at the Center at all times. Children with anaphylactic reactions will not be allowed to be left at the Center at any time without an unexpired Epi-pen. The policy of the Center is to not serve any product containing nuts in any of our snacks throughout the Center. When a specific classroom has a child enrolled with a nut allergy, in addition to snacks served by the Center being “nut free,” all lunches from home for that classroom should also be “nut free.” This is to help ensure that no residue from a lunch containing nut product is on tables, counters or utensils.

3. Families are asked to bring in their own snacks for their child when none of the Center-provided snacks meet the individual health needs of a child.

4. The practice of the Center is for children to not share lunches.

5. While we do not isolate children with allergies, we may designate a table ‘milk free’ or ‘egg free,’ if needed to help alleviate concerns with children accidentally getting a food they are allergic to.
6. Food preparation tables and counters are washed and sanitized prior to preparing and eating foods.

7. When children eat at picnic tables, the tables are covered with a washable or disposable cloth which is changed prior to another group eating. This is to help ensure no food residue is left for other children who may have an allergy.

8. Foods that are brought from home to share with others (birthday treat, snack to share) must be whole fruits and vegetables that are prepared at the Center or be food that is commercially prepared and in factory-sealed containers with the ingredients listed on the container.

   Purchased foods from a bakery, deli or restaurant are fine as long as there is an ingredient list on the label so we can verify ingredients against known allergies.

9. Events such as “family potlucks” that have foods that are not supplied by the Center are not monitored by Center staff for allergens. Parents are responsible for monitoring foods eaten by their children at these events.

**Diapering/Toileting**
Per Accreditation 5.A.08:
For children who use cloth diapers, the diaper has an absorbent inner lining completely contained within an outer covering made of waterproof material that prevents the escape of bodily waste. Both the diaper and the outer covering are changed as a unit. (Plastic pants do not meet health and safety standards for group care.) Cloth diapers cannot be rinsed by staff, as state health codes prohibit rinsing diapers in public toilets. They will be placed in a bag provided by the family and will be stored in the bathroom. Please take these home on a daily basis.

Parents of children who wear diapers are responsible for having an adequate supply at the Center. Diapers should be clearly labeled with your child’s name to avoid mix-ups.

Staff will wash hands before and after diapering each child. All children are changed as needed and checked once every 1 ½ - 2 hours. If you want staff to apply diapering ointment, please see a classroom staff for information on how your child’s diaper ointment needs to be labeled.

Potty Learning: Child care regulations do not permit us to teach children under 18 months of age to use the toilet. As soon as you and your child are ready to begin potty learning, let us know. A cooperative effort between home and Center is most effective. For the first couple of weeks, continue to send diapers in addition to extra underpants and clothes. Staff will wash hands before and after assisting children with toileting. Staff assist children in learning and carrying out habits of personal hygiene. Independence and the development of self-help skills are encouraged. As with diapers, rinsing soiled underwear is not possible (per state health codes). They will be placed in a plastic bag and put in your child’s cubby/locker. Please take these home on a daily basis.
Children learning to use the toilet at the Center are taken to the bathroom more frequently. Potty learning can be a difficult time for children and is handled sensitively, with patience, and positive reinforcement. Any suggestions that you can give us in regard to your child’s individual needs are much appreciated.

The Center believes in developing positive attitudes about our bodies. In keeping with our education goals for the development of positive self-concept, teachers help supply children with the correct anatomical names for all body parts. In response to children’s curiosity about their bodies, questions are answered in an age-appropriate and matter-of-fact way. In a group care setting, it is important for staff to have a consistent approach in this area.

**Napping**

Rest and nap periods will be provided for those children who need them. We provide a crib or cot and a sheet for each child who will be napping. Sheets are laundered at the Center weekly. If you will be bringing a special blanket for your child, please be sure it is clearly labeled with your child’s name, and take it home weekly to be laundered.

Let us know what your child’s napping schedule and needs are. A nap list will be posted in each room that has napping children, which tells you when your child napped each day.

Infant and young toddler rooms nap children in their classrooms throughout the day. Older toddlers and preschoolers have specific nap times. These vary from younger to older age groups, as younger children usually begin napping earlier in the day than older children do. Kindergartners rest for a half an hour on mats provided by the Center. If your kindergartner needs a longer nap, please discuss this with the Lead Teacher.

The following policies are in accordance with state licensing and accreditation guidelines:

- All staff that work at the UWM Children’s Learning Center will be trained in SIDS Reduction (Sudden Infant Death Syndrome) prior to their start of employment in a classroom.
- All infants 12 months and younger must be placed to sleep on their backs. Infants who are capable of rolling over may do so on their own, but AFTER the staff has physically placed the child down on their back. (A child 12 months or older may be put in a different sleep position if they can roll over on their own.)
- Doctor authorization is needed if a child 12 months or younger is going to be placed down to sleep in a position other than their back.
- Doctor authorization is needed when using a wedge in the infant’s crib.
- If you swaddle your child to go to sleep, begin to stop this practice by 2 months of age & before they start care in our Center. Unless there are other developmental reasons, swaddling children after the age of two months is not recommended by the American Academy of Pediatrics. If your child is still needing to be swaddled and you provide us with information from your child's pediatrician we will follow their advice & continue to swaddle; please talk to your Lead Teacher about alternatives to swaddling that are acceptable for use at the Center. Our teachers have experience with products that may be appropriate for your child's needs.
- An infant’s shoulders and head must remain uncovered at all times while sleeping.
- Pillows, blankets, quilts, comforters, sheepskins, stuffed toys and other soft items are not allowed in the cribs or rest equipment for infants younger than 12 months.
- Accreditation policy states that infants younger than 12 months need to nap in safe garments (i.e. no hoods, bibs, necklaces, ties/strings).

**Pacifier Use**
If your child uses a pacifier, parents should provide at least two pacifiers labeled with the child’s name using a waterproof label or non-toxic permanent marker. Pacifiers will be cleaned separately with soap and hot water and inspected for tears or cracks before each use. Cracked or torn pacifiers will not be used and will need to be replaced by the parent. Pacifiers with attachments are not allowed; they cannot be clipped, pinned or tied around a child’s neck, wrist or other body part. Parents should inform their child’s Lead Teacher when a pacifier should be given to your child.

**Clothing**
Children should be dressed so they can play comfortably and without fear of staining clothing. Although children wear smocks for painting and waterplay, clothes sometimes become wet or stained, regardless.

Each child must have 1-3 (depending on child’s age) complete changes of clothing (including socks) that should remain at the Center. These are used in the event of a diapering/toileting accident or if clothes become wet or soiled during play. All clothing should be clearly and permanently labeled with your child’s name so that it can be easily identified. The Center does not take financial responsibility for lost items.

In compliance with state health codes for public buildings, we cannot rinse soiled clothing in the toilets or sinks. Wet or soiled clothing will be placed in a plastic bag and put in your child’s cubby/locker. Please take this home daily. The Children’s Learning Center does have some extra clothing that will be provided to your child if needed; if used for your child, please launder and return as soon as possible.

If your child is transferring to another room, the teachers will move their extra clothes supply to their new room. Check occasionally to be sure that your child’s extra clothes still fit them and are appropriate for the season.

Please remove drawstrings from sweatshirts and hoodies, as these are a strangulation hazard. With the exception of the infant rooms, children’s shoes are kept on at all times except during outdoor waterplay and a few special projects or games. Shoes that children wear on the play yards or in the gyms should be skid-resistant, secure enough around their feet to not slip off and sturdy enough to protect feet if they step on objects that can injure the sole of the foot. If children have flip-flops, clogs or other footgear that are not as protective, they should have a second pair of shoes to wear for more active play.

Your child should always be dressed for the weather. During the winter months, be sure your child has a warm coat, hat, snowpants, mittens (preferably attached to his/her coat), and boots. It is critical that these clothing items be labeled, as it makes it much easier to get a large group of
children dressed. On hot summer days, sprinklers are set up, so send a labeled swim suit or extra pair of shorts and a labeled towel for your child. These should be taken home weekly to be laundered. If your child is sensitive to the sun, please send a hat and a lightweight, long-sleeved shirt.

**Gyms and Play Yards**
The Prairie Gym (infants), Woodland Gym (toddlers), Acorn Gym (preschoolers) and Panther Gym (school-agers) are located on the ground floor; the Meadow Gym (toddlers) is on the first floor. Each classroom has scheduled gym time in the morning and afternoon. In nice weather, rooms usually go outside rather than to the gym. The south play yard is divided into two parts – one part (the Anthill) is specifically suited for infants & toddlers, and the other part (the Garden) is designed for toddler/preschool/kindergarten children; the North play yard is used primarily by children over 4. The Center’s play yards are never treated with pesticides or herbicides. During summer months, art projects, story times, snack, etc. are often conducted outdoors and larger blocks of time are spent outside.

In order to protect against heat and sun injury, the Center’s play yards offer a variety of shade sources for children playing. For example, the south play yards have shelter under the roofed portion of the yards. Play structures also provide shade.

When children are outside or in the gym, a sign is posted on the sign-in clipboard in the classroom to let you know where they are. If you are picking your child up and his/her classroom is on the play yard or in the gym, please be sure to connect with one of your child’s teachers who is in the location your child is in – even if it’s just a “hello” or a wave. It is important for us to keep our child checklists accurate; more than one classroom may be sharing indoor/outdoor space, and teachers as well as children from a couple of rooms may be in transition.

If your child is well enough to be here, we assume s/he is well enough to go outside. Staff-to-child ratios do not accommodate having individual children stay indoors. Outdoor play requires safe supervision, and being short an adult in unsafe. For your convenience you will want to check, as you arrive with your child, to see if children are outside before taking outerwear off of your child. Please do not assume that if there is a teacher in the classroom that your child can stay in. The teacher may be on their way out of the room or may be a Lead Teacher out of ratio, trying to accomplish other tasks.

State licensing requires that, except in inclement weather, all children be taken out at least once a day. Inclement weather is defined as stormy or severe weather, such as any of the following: heavy rain, temperatures with heat index above 90°F, wind chills of 0°F or below for children age 2 and above, wind chills of 20°F or below for children under age 2. Children are dressed appropriately for the weather when we go outside.

The following pertains only to preschool, kindergarten and school-age children: When the temperature is colder than 0°F with wind chill (but not below -10°F), rooms who decide to go outside will limit the time they are outdoors. The decision to go outside when the temperature/wind chill is below 0°F (and the amount of time spent outside) is based on the activity the children will be doing. Also, when the temperature with heat index is above 90°F (but not to
exceed 99°F), rooms who decide to go outside will engage the children in an activity to keep the children cool (e.g. sprinkler play) and limit the time they are outdoors.

The Wisconsin Department of Natural Resources notifies Wisconsin residents about unhealthy air quality using a system called Air Quality Advisory. The system includes the two main pollutants likely to cause health problems in Wisconsin -- ozone and particle pollution. Air Quality Advisories are issued as being in the “Yellow,” “Orange,” or “Red” zones. The Children’s Learning Center reacts to each zone differently.

Yellow: When the Air Quality Index is in the Yellow Zone, outdoor activity will not be limited unless it is requested in writing by a child’s health practitioner.

Orange: Unhealthy for sensitive groups. When the Air Quality Index is in the Orange Zone, outdoor activity will not be limited unless it is requested in writing by a child’s health practitioner. If your child has a health condition that requires them to stay indoors or have limited outdoor time (asthma or allergies to pollutants), please bring in a statement from your child’s health practitioner requesting to stay indoors when air quality is in the designated orange zone. Staff will be observing all children and bringing them in if there are problems. At times that may mean that a group of children will have limited outdoor play in order for us to maintain staff:child ratios.

Red: Unhealthy for everyone. When the Air Quality Index is in the Red Zone, all children will play indoors.

Field Trips and Walks
All children enrolled at the UWM Children’s Learning Center may be taken on walks on the perimeter of and within the UWM campus during their regularly scheduled time or requested extra time. Rooms taking on- or off-campus field trips are required to take a first aid kit, emergency contact information, and a cell phone. Staff address any special concerns, such as severe allergies, and take necessary precautions before leaving.

Children in preschool rooms and older take field trips off campus. Parents will always be notified at least 2 weeks in advance and asked to give permission for field trips that are beyond the perimeter of the campus, require transportation, and/or include the consumption of food items from an off-campus vendor. Field trips are part of the curriculum; we do not provide alternative care if a parent does not want their child to participate in the field trip during the time their child is scheduled. If participation in a field trip requires a child to be scheduled additional time, parents will be given the opportunity to add the time or be given credit for the original time, if they decide to not have their child go on the field trip.

If your child is not here in time to board the bus, child care will not be provided until the room returns from the field trip. Families have the option of taking their child back home; no credit for the day will be given. Families also have the option of driving the child to the field trip destination and signing the child in with the staff, as long as we have a signed permission slip prior to the trip.
The Children’s Learning Center only uses transportation approved by the University’s Purchasing Department. When buses are used for field trips, staff members check each bus each time children get on or off the bus to be sure all children are present.

When public health authorities recommend use of insect repellents due to high risk of airborne disease, only repellents containing DEET are used. If a classroom is going on a field trip, staff will apply insect repellent no more than once a day and only with written parental permission. American Academy of Pediatrics recommends no more than 30% DEET on children.

**Photographs**
Classroom teachers take pictures of the children on a regular basis for documentation purposes or to record a special activity. These photographs may be of individual children or groups of children and may be displayed in the classroom, Center hallways or the lobby. We also take pictures or videotape children for staff training purposes and/or for UWM classes on child development, early childhood education or child care.

Parents and staff may take pictures for their own personal use at group functions sponsored by the Center (potlucks, concerts, etc.); however, parents and staff should not be taking photographs for personal use of children in the classrooms during normal daily activities.

From time to time photographers from the UWM campus newspapers or University News Services and Publications request permission to take pictures or videotapes of children at the UWM Children’s Learning Center. These pictures may be used for a “picture page” or to accompany features on the UWM Children’s Learning Center or other campus events. Parents will be notified beforehand when this will be occurring and can inform their child’s teacher if they do not want their child to participate.

Parents will be notified in advance of specific requests for photographs other than those mentioned above, and will be asked for permission for their child’s participation. If you have any concerns about photographs of your child, please contact the Program Coordinator or the Director.

**Toys From Home**
At times your child may want to show his/her friends and teachers something from home. It is not considered selfish if a child does not wish others to use their personal belongings; however, any toy that is in the room must be shared by all children. Therefore, if sharing becomes a problem, your child will be asked to return his/her toy to their locker or cubby for a while. Unless your child understands this, please limit bringing things in to special times for show only. An exception to this would be a stuffed toy that is brought to school as a security object. Other children seem to understand that this kind of item need not be shared. Also, do not send toy weapons or toys that promote aggression. If your infant or toddler-aged child brings a toy from home, it must be safe for children 3 years of age and younger (choking hazard).

The Center cannot be financially responsible for lost toys. Tiny things are especially hard to keep track of, so please label everything! If you are missing an item, check the “lost and found” area.
in the room, lobby and gyms. If your child wants to bring in a CD or book to share, please give it to a teacher so it can receive special care.

**Media In The Classroom**

The use of media, such as television, films and videotapes, is limited to developmentally appropriate programming that has been previewed by teachers prior to use. If school-age classrooms want to view a PG film, it will be approved by the Program Coordinator and parent permission will be gained. Another option for activity is always available; no child is required to view the program.

**Behavior Guidance**

The policy of the UWM Children’s Learning Center is to view self-discipline/self-regulation as a developmental goal for children. The objective of the Center is to work with children to develop the inner controls necessary to be able to safely and successfully participate with others in a group setting. In guiding children we use positive guidance, redirection, substitution, and teaching respect for self and others.

Children are helped to understand the reasons for our rules. We believe that the best way to deal with inappropriate behavior at the Center is to prevent it. The staff attempt to prevent misbehavior by keeping the children involved in activities and by establishing clear and consistent guidelines regarding behavior.

Children may experience varying difficulties at different stages of their development. While this is quite typical, it is also important that problematic behaviors not be shrugged off as being “just a stage,” as this approach prolongs and reinforces behaviors that, if left unchecked, can create major difficulties for the child, the child’s parents, and for others. Assuming it is “just a stage” may keep us from getting additional help for the child and family that may be necessary to be successful in solving the concerns.

On a regular basis, parents are told about the child’s experiences in the classroom. When children’s behaviors are of concern and negatively affecting others, it is the Center’s and family’s responsibility to work together. It may be necessary to look for additional support to not only work with the child but to give support to staff and protect the safety of others in the classroom who may be negatively affected by the behavior. Generally, with cooperative efforts between home and school, behavioral difficulties become manageable, or the cause of the behaviors and solutions become clearer.

If a child starts to exhibit problematic behavior, the teacher will inform parents at the early stages of the concern and will communicate with them on a regular basis (daily or weekly, depending on the issue being addressed) regarding the status of the problem. The parents will be informed of the frequency, degree of disruption and steps that are being taken in the classroom when the incidents occur.

The teacher will also notify the Director and/or Program Coordinator of the behavior issue; they will meet to discuss the concerns and supports that may be needed. A parent-teacher conference may be requested by either the teacher or the family to further discuss the behavior concerns.
During this meeting, information will be shared about the child’s needs and concerns, as well as the strengths and developmental status of the child at that time. Together a plan will be made to address the concern both at home and at the Center. A second meeting will be scheduled within two weeks to reconnect, review the concern and the progress that has been made to address the issue. If it is felt that the time the child is in care (e.g. here too many hours) is contributing to the problematic behaviors, a reduction in child hours at the Center may be discussed with the parent.

Families must be involved in solutions to reduce the child behaviors. Depending on the severity, injury to self or others, level of disruption to the classroom, progress seen and ability to work with child within staff-to-child ratios, a behavior issue needs to be resolved within 4-6 weeks for care to be continued at the Center. Children with therapists and diagnosed special needs will need therapists to work with us in developing behavior plans that parents, therapists and the Center can all agree to.

Families may be asked to get a developmental assessment by a specialist of their child. This can be done by the family talking with their child’s doctor about the concerns, through the Birth to Three Program, a public school system, Children’s Hospital, or another agency. While the Center has professional-level staff with years of experience, we do not have a school psychologist, doctor, therapist or psychiatrist on staff.

Our goal is to successfully care for all children enrolled; however, if after reasonable efforts by the parents and teachers, no solution to the problem can be found, and a child’s behavior continues to be disruptive to the classroom in ways which require a disproportionate amount of one-to-one attention, parents will be counseled to find an alternative child care arrangement that may be better able to meet their child’s needs. In these situations we need to ensure the safety of teachers and other children in the program.

Severe Behavior: When a child exhibits behavior that is a danger to him/herself or to others, or disrupts the learning environment to such a degree that most/all of the children in the classroom are affected, the parents and the Director will be notified. The child may be sent home immediately or may be allowed to remain at the Center, unless the behavior happens a second time. If the behavior happens a second time, the child will be sent home and a meeting between the family, Director, Program Coordinator and Lead Teacher will need to occur before the child is allowed to return to the Center. During that meeting, it will be discussed what needs to happen for the child to remain enrolled in the Center. A decision will be made by the Director in consultation with the Program Coordinator and Lead Teacher if the child will be able to return to the Center. If the child returns and the behaviors continue, the child’s enrollment will be terminated.

Spanking or any form of corporal punishment is strictly prohibited, even at parent request. Timeouts are prohibited by State licensing for children under 3 and are only used for older children on a very limited basis when other methods of guidance are ineffective.

**Biting**
Biting is of particular concern for parents and staff working with infants, toddlers and young preschoolers. Biting, although considered a more aggressive act, is not an unusual behavior for
young children; in fact, it is very natural. While there are a number of developmental reasons children may bite, we do take biting seriously.

Parents of the child who has bitten are told about the incident(s) so staff and parents can work together with the child to help eliminate the behavior. The identity of the child who bit will not be revealed. If frequency dictates, a conference is held with that parent to share information from school and home that may be helpful in our working together on this problem.

If regular biting continues over a period of time (4-6 weeks), the Director does their own observations and meets with the Lead Teacher and parents. If no solutions can be found to eliminate the behavior, we need to ensure the safety of the group and may ask that the child leave the Center. This step is only taken when it is felt that all other steps have been tried and the frequency of biting/injury to other children has not diminished. Sometimes in these cases what the child needs is not to be in a large group situation, but to have more one-on-one in a home care environment. Usually, with maturation of a few months, the child outgrows this behavior and is able to return to the Center.

**Transitioning to a New Classroom**

Although change can be new and exciting, it also takes time and sensitivity as children and their families leave the comfort and security of a familiar classroom environment and teachers that they know. (Parents also go through this adjustment, as they don’t know the new teachers yet.) Seeing your child grow up gives you a sense of pride as you observe their growth and reflect on the milestones they made during earlier stages of development, but it is also a little sad that the childhood years are going by so quickly!

Children of all ages are aware of changes in the environment and the teachers to whom they have grown attached. Because of this, teachers from your child’s current classroom help children in their transition to a new room by visiting the teachers and the room they will be moving to. We invite families to visit the new room as well! If you would like to personally speak with the Lead Teacher, you may need to set up an appointment to be sure s/he is available.

We will take care of moving your child’s extra clothes and personal items to their new locker.

Some things to think about . . .

- For some children, too much talk can create anxiety. Shorter discussions and visits to the new room give them an opportunity to actually see the room. (The unknown of a new room becomes the known of concrete things they can look forward to.)
- Younger children need consistency in their lives. It is usually best to keep your family’s set rituals and routines during this time so that along with change there is consistency.
- Plan to spend some time with your child in the new room on their first day or the days preceding their move.

Children can sense how you are feeling about the change. If you are feeling comfortable, it will help your child feel more at ease also.
**Progressing Through the Children’s Learning Center**

Children in the UWM Children’s Learning Center make only two major classroom transitions before kindergarten while at the Center.

The infant rooms are arranged to keep infants in familiar surroundings until they are 18 months. In the two-room infant suites, there is a younger nursery area and an older infant area. Because of their proximity to each other, younger infants make a “soft” transition to the older infant room at about 8 – 10 months.

At approximately 18 months children move to a toddler room. They stay in the toddler room until they are approximately 3 years old, at which time they move to a preschool room.

The Children’s Learning Center has a full-day four- and five-year-old kindergarten program. Children may attend for the school year or for the full year including summer. Children who are 4 years old by September 1 of each year will move to kindergarten, either here or in another school.

The Children’s Learning Center serves children from 3 to 13 years old in a school-age program that operates after school during the school year and full time during the summer.

**Transitioning to a Different Program**

Staff at the Children’s Learning Center help families with their transition to other programs by providing general information about other schools. Families are also welcome to talk with our Enrollment Manager or any of the program staff. We may be able to give general information about other schools or programs, program options, where to get enrollment information, and possibly connect with other families who attend these schools.

**Research Projects**

From time to time, we are asked to participate in research projects conducted by UWM faculty or graduate students on children, child development, child care, or other related topics. All research projects conducted at the UWM Children’s Learning Center will have UWM IRB (Institutional Review Board) approval and will be approved by the director of the Children’s Learning Center. If individual children will be involved, written consent from each family involved will be obtained.

**Observers**

As part of a university setting, students from a variety of disciplines ask to observe in our classrooms or conduct a small project, such as reading a book to a small group of children. The students are supervised by UWM Children’s Learning Center personnel, and we manage the number and duration of observations to minimize disruption to classroom routines.
VI. HEALTH AND SAFETY

The health and safety of the children, families and staff are our top priority. Smoking, firearms, ammunition and other potentially dangerous items that pose risks to children and adults are prohibited on the premises. Baby walkers are excluded.

Health Policies
As part of our licensing, each child is required to have on record at the Center a Health History & Emergency Care Plan form that is sent to each family with acceptance letters.

Health Examination and History – Children
Each child under 2 years of age shall have an initial health examination, not more than 6 months prior to nor later than 6 weeks after being admitted to a center, and a follow-up health examination at least once every 6 months after admission. Except for a school-aged child, each child 2 years of age and older shall have an initial health examination not more than one year prior to nor later than 3 months after being admitted to the center, and a follow-up health examination at least once every 2 years after admission. The health examination shall be documented on the Child Health Report (available from the receptionist) and shall be signed and dated by a physician, physician assistant or HealthCheck provider.

Information required on physical exams:
- Immunization record – for diphtheria/tetanus/pertussis, polio, Hib, Pneumococcal Conjugate Vaccine (PCV) for children through age 4, Hepatitis B, measles/mumps/rubella, and varicella (chicken pox) vaccinations, with appropriate doses for the age of the child. If not permitted by child’s doctor, this must be stated. Complete the immunization record and return it to the Children’s Learning Center within 30 school days (6 calendar weeks) after admission.
- Known allergies.
- Date of exam, and signature of physician.

Physical Exams – Staff
Current physical exam forms for each staff (paid, volunteer, Field Placement students and student teachers) must be on file in the Center.

Information required:
- Statement certifying that the individual is free from illness detrimental to children.
- Record of PPD skin test for tuberculosis, or chest x-ray.
- Statement that individual is physically able to work with young children.
- If individual has previous history of typhoid, paratyphoid, dysentery, or other diarrheal diseases, they must have a doctor’s permission to work in the Center.

Exclusion for Illness
Children and staff members shall be excluded from the Center when ill.
If a child has a positive diagnosis of a communicable disease, parents must let us know. Families of exposed children shall be notified by the Center and those children shall be watched for symptoms of the disease.

Children and staff who are sick with Giardia bacterio-diarrhea, infectious hepatitis, infectious mononucleosis, tuberculosis or staph infections must have a doctor’s permission to return to the Center. If your child has a communicable disease (including but not limited to: German measles, infectious hepatitis, measles, mumps, polio myelitis, ringworm, scarlet fever, whooping cough, diphtheria, and meningitis), you are responsible for reporting it to the State Health Department.

Our policy is to require that a child remain at home for at least 24 hours after the parent has been requested to take the child home because of symptoms of illness. This includes, but is not limited to, diarrhea, vomiting, fever and changes in the child's normal behavior (e.g. lethargy). The child may return to the Center when they are symptom free without symptom-reducing medication and their behavior indicates that they are well enough to participate in regular room activities. Children sent home due to a fever of 100° or higher (axial temperature taken under arm) (or 101° taken orally) must be symptom-free for 24 hours without fever-reducing medication before returning. (An exception to this policy may be made with written documentation from the child's physician.) It is important that we enforce this policy for the safety and health of all the children in the Center.

Please do not send your child to the Children’s Learning Center if s/he is ill. We do not have the facilities or personnel to adequately care for sick children. Keeping a sick child home will also help us keep the illness from spreading to other children and staff members, and prevent your child from becoming sicker because their immunity is low. Being in a group setting can be very stressful for a child who is not feeling well and can make it more difficult to recover. If your child has a pre-existing (but not contagious), or possible “developing” illness, please alert staff.

If your child becomes ill while at the Center, you will be contacted and asked to take him/her home. If you cannot be reached, we will contact an “emergency contact” person you listed on your application form. Please try to always have a way for us to contact you.

If your child has no fever or other symptoms of illness but displays significant behavior changes and is clearly uncomfortable and not able to participate in activities, they may be sent home.

Conjunctivitis (pink eye): We will not exclude children with conjunctivitis unless they are unable to avoid touching their eyes or your child’s health care professional recommends exclusion.

Children with lice will not be sent home. According to the American Academy of Pediatrics, because a child with an active head lice infestation has likely had the infestation for a month or more by the time it is discovered, poses little risk to others, and does not have a resulting health problem, he or she should remain in class but be discouraged from close direct head contact with others. The child’s parent(s) will be notified that day by telephone or a note sent home with the child at the end of the school day stating that prompt, proper treatment of this condition is in the
best interest of the child and his or her classmates. If a child/staff is assessed as having head lice, confidentiality of the particular person will be maintained but we will notify families of all children in the classroom and encourage that all children be checked at home and treated if appropriate before returning to the Center the next day. Families are responsible for checking for head lice, initiating treatment and informing the Children’s Learning Center when their child has received treatment.

**Medications**

All medications must be unexpired. All children with asthma and those with anaphylactic reactions to foods or other environmental conditions must have ‘quick relief’ medication and an up-to-date Emergency Care Plan at the Center at all times; children may not be left at the Center without these.

Whenever possible, parents should schedule the times that their child receives medication in such a way that they, the parent(s), are giving medication. Only in cases where it is impossible for a parent to give medications because of their schedule we will do so. Parents fill out a “Prescription Medication Form,” available in each room, which gives us their permission and instructions for administering any prescription medicine. Medications are charted with each dose/application and noted with initials of teachers giving the medication. If a medication dosage is missed, the parent will be notified and it will be noted on the Prescription Medication Form. In the case of over-the-counter medications, parents fill out an “Over-the-Counter Medication Form,” and a detailed label to attach to the medication. Medication forms are placed in children’s files once they are done being used in the classroom.

In accordance with accreditation guidelines, the Children’s Learning Center staff cannot administer any medication unless the following conditions are met:

- **Prescription medication:** Medication is in its original container, is labeled with the child’s first and last name, the date that the prescription was filled, the name of the licensed health care provider, the period of use of the medication, the name and strength of the medication, and instructions on how to administer and store it.
- **Non-topical over-the-counter medication (including homeopathic):** Medication is in its original container, and a written & dated instruction from the child’s health care provider accompanies the medication. The medication container must also list the expiration date of the medication, the period of use of the medication, the manufacturer’s instructions that details the name and strength of the medication, and instructions on how to administer and store it.
- **Topical ointment (including homeopathic) require that an Over-the-Counter Medication Form be filled out by parents. A new form must be filled out at the start of each semester. Exceptions to this are sunscreen and diaper ointment, in which permission is given by parents on a classroom form.**
- **Vitamins and nutritional supplements will not be given without written instruction from your child’s health care provider (per licensing and accreditation). Instructions must state that your child receive vitamins at a certain time, and your child must be in attendance at that time.**
Medicines will be placed in medicine boxes in a secure location out of reach of children (or refrigerated as needed). Our medicine boxes can accommodate only a limited number of bottles of medicine at a time. Please be sure you take any medicine home with you that is no longer needed (licensing).

Please do not send any medication with your child or in their lunchbox or leave any medicine in their locker/cubby. Be sure you give it directly to a staff person. This includes, but is not limited to, baby aspirin, diaper rash ointment, and sunscreen. Do not send cough drops, as children can easily choke on these.

**Special Medical Procedure Care**
To give your child the highest level of care, our teaching staff need to fully understand your child’s medical condition and be prepared for and competent in the care the child needs. If a child needs specific care for a medical condition (e.g., tube feeding), parents need to inform the Children’s Learning Center prior to the child being left in our care. We need to meet with the family and get written information from the child’s doctor in regards to the specific care your child needs.

**Accidents**
In the event of a minor accident at the Center, first aid supplies are available at all times. In compliance with state law, no medications are used. Scrapes and cuts are washed well with soap and water and bandaged. Ice is applied to bumps. A comforting staff member is usually the best medicine! An Accident/Illness Report is filled out on any injury or illness occurring at the Center. It will explain how the accident happened and what first aid action was taken. We do not reveal the identity of children who may have injured another child. This report will be kept in your child’s file after you have read and signed it. If the parent seeks medical treatment for an injury occurring at the Center, the Center must be notified within 48 hours.

Medical emergencies rarely happen at the Center, but we want to be prepared for them if they do occur. Therefore, it is extremely important that parents inform us how/where to contact them. Written permission from a parent to refer a child for medical care in case of an accident or medical emergency shall be on file at the Center. With this permission your child will receive treatment as the University deems necessary, and/or be transported to a hospital at the discretion of University Police and/or Milwaukee Fire Department paramedics or EMT’s. If ambulance transport is necessary, a staff member who is familiar with your child will accompany him/her.

An Accident/Illness Report will also be filled out, in compliance with state law, if your child comes to the Center with a noticeable injury. This is done to assure clear communication between the Center and home, particularly if observation of the child is necessary in order to detect possible ongoing or worsening symptoms. If your child has had an accident outside of the Center, please inform staff when you arrive so they do not needlessly try to track down how a cut, burn, bruise, etc., may have occurred here when it did not. Staff fill out an Accident/Illness Report for injuries that have occurred at home in the same way that they record injuries occurring at the Center.
**Insurance**  
Parents are expected to provide ample medical coverage for accidents and injuries or be financially responsible for coverage. University liability does not include medical coverage for Children’s Learning Center users.

**Fire Drills/Tornado Procedures**  
Fire drills are practiced at least 12 times per year. All children and staff proceed to designated areas outside of the Center. In inclement weather and in an actual emergency, we evacuate to Cunningham and to the Honors College.

Tornado drills are practiced monthly from April through October. During a tornado drill, children and staff go to designated areas on the ground floor of our Center.

If you happen to be in the Center when an alarm goes off, do not attempt to drop off or pick up your child. Proceed to the nearest exit (during a fire drill) or to the inner corridors of the ground floor (during a tornado drill) with your child. Once you locate your child’s classroom, and after an attendance check has been done, your child’s teacher will let you know if you may sign your child in or out.

When we are in a situation that is truly an emergency – not a drill – you will not be able to sign in and leave your child until the emergency is resolved; however, your child may be signed out after attendance checks have been completed.

The Center will make accommodations known to the staff/family for the children that will need a special evacuation consideration.

**In An Emergency**  
The safety of the children and staff is of utmost importance. If an emergency situation were to arise during the course of the day at the Children’s Learning Center or the University, our staff are prepared to handle it calmly and expeditiously.

If the situation warrants staying indoors, we would keep children at the Center, with no walks or field trips and no use of the play yards. If necessary, our staff would react as we do in a tornado drill, with staff and children gathering in the ground floor hallways, away from windows and doors. If it is essential to evacuate the building, all children and staff would treat it as a fire drill, gathering outside or in the NWQ lobby to do name checks, and if necessary, proceeding to Cunningham or the Honors College.

If it becomes necessary to evacuate the campus, all staff and children would go by foot, buggy, and crib to our designated safe haven, the Luther Memorial Chapel & University Student Center located at 3833 N. Maryland Avenue in Shorewood, approximately 6 blocks north of the Center. The Luther Memorial Chapel & University Student Center’s phone number is 332-5732. We would be notifying families, and parents would be expected to pick up their children as soon as possible.
We want you to feel assured that we and the campus police are alert to potential emergency situations. Campus police monitor on a daily basis the security of our Center and the campus. In order to prepare ourselves in the event of an emergency, we do practice monthly fire (evacuation) drills.

**Use of Scented Products**

We have some children and staff who are very sensitive to the use of perfumes, colognes and other scented products. These children and staff have allergic reactions when exposed to perfumed products (difficulty breathing, not feeling well, noticeable behavior changes, etc.). Reactions to these products can last for hours.

Because of this, we request you not spray perfume or cologne on yourself or use heavily scented hair products on your child before attending the Center. Staff are asked not to use these kinds of scented products on the days they will be working at the Center. Soaps, shampoos, conditioners, laundry detergents, etc. are usually not a problem because after use they are rinsed or washed off.

If your child is allergic to scented products, let their Lead Teacher know.

**Hair Accessories**

We ask families of children in the infant/toddler classrooms to not send your child with hair barrettes/hair ties in their hair *unless* you have clips or ties that do not fall out easily. We know children’s hair can be fine and families are trying to keep hair off their child’s face, but too often the clips do not stay in and instead cause a safety concern. Children pull them out or find them on the floor and mouth the clip/barrette. This is something that we would be cited on (item children could choke on) if a licensor or accreditation assessor were to find the item on the floor. If you have clips/ties that do not fall out or your child does not pull out, feel free to use these when styling your child’s hair.

**Pets**

Due to licensing and accreditation standards, we do not keep pets (except fish or other aquatic animals) at the Center. No animals are to be brought into the Center for visits. No animals should be tied up outside of our building while you are dropping off or picking up your child(ren).
VII. PARENT INVOLVEMENT AND COMMUNICATION

**Family Resource Center**
The Family Resource Center is a child-free space at the UWM Children’s Learning Center that is just for our parents! It is located on the ground floor of the Center, at the bottom of the central staircase. It is a warm and homey space where you can come in for a quiet place to study or to use one of the computers. This is also a great reference place for parents, with parenting books and magazines. The Family Resource Center also has information on access to IMPACT 211, which is a local service that provides support for families in need of services for food, shelter, mental health, health care, legal assistance, substance abuse and much, much more. Please do not invite individuals who are not part of the UWM Children’s Learning Center (e.g., study groups from classes) to use this space.

**Parent Visits**
Parent visits are encouraged and enjoyed by teachers and children. You may want to read a story to your child or group of children, get involved in an activity, or familiarize yourself with the toys and materials in the room. The staff may be too busy for a relaxed conversation with you, but you will get to know some of the children and adults with whom your child spends their time. If there is a special project you’d like to do with the children, talk to your Lead Teacher in advance and they will be happy to plan for it.

**Conferences**
Because your children’s needs and concerns change so rapidly, you will want to be communicating on a regular basis with teachers as you arrive and/or depart throughout the week.

Each fall and spring semester, a parent conference form is given to all families (except kindergartners – see below) asking them to indicate if they would like a more formal conference. However, a request can be made at any time for a conference with your child’s Lead Teacher. S/he will be more than willing to answer any questions you may have concerning your child’s adjustments, development, and activities while at the Center. The best time and means for such a conference depends on the Lead Teacher and you. Your Lead Teacher and you may want to set up an appointment to meet with the appropriate Program Coordinator or the Director if more input is needed.

The kindergarten sets up specific dates for formal conferences with all parents, but like all other classrooms, will set up a conference when requested by the parents.

It is our belief that parents’ opinions are the barometer that indicates whether we are serving them and their children to the best of our abilities and the most reliable means of finding out how our services can be improved.

**Referrals**
Lead Teachers and Program Coordinators will encourage and support families who make the primary decision about additional services their child might need; they will share with you any observations they have made which may warrant screening, as early detection is the most critical
factor in alleviating or eliminating future difficulties. In addition, professionals may sometimes observe in classrooms to detect general behavior concerns, etc.

Information on vision, speech, hearing, and other developmental screening services available in the community can be obtained from your Lead Teacher or Program Coordinator. They will be happy to assist and guide you through the steps involved in obtaining such services.

The Children’s Learning Center will make referrals as needed/requested to community services such as: social service agencies, child guidance clinics, public health centers, and legal aid.

Each March, speech and language screening is offered to parents in the Center of children 3 years through 5 years of age. We work closely with the faculty and staff from the UWM Speech and Language Clinic in addressing children’s developmental concerns. Please let us know if you have any particular concerns regarding your child’s development.

**General Home/School Communications**

The Center puts out a weekly newsletter called the Weekly Web. You are automatically signed up to receive this email when you provide your email address on your child’s application. You can also sign up on our website at uwm.edu/children to receive our newsletter electronically. Just click on “e-newsletter,” fill out your email address and name, and click on “Subscribe.” A printed version of the Weekly Web is posted in our lobby, if you prefer to read it that way.

Parent-specific communications are generally written in the comment section of the sign-in sheet or notes are left on the cubbies/lockers. Information meant for the classroom may be posted on the room’s sign-in sheet. Record concerns regarding your child’s specific needs for the day in the comment section of the sign-in sheet, as well as mentioning them to a staff person. For more ongoing or complex instructions or concerns, a written note from you would be helpful. The classrooms also have parent bulletin boards where timely and/or topical articles are posted.

Please be aware that there are times when staff from other classrooms will be working in your child’s classroom because regular room staff are ill or have prearranged absences (vacation, doctor’s appointment, etc.). If you have a specific question or concern, please ask a staff member who is routinely scheduled in your child’s classroom.

**Privacy and Confidentiality**

Confidentiality of information about children and families will be maintained. Please share with us any information that will help us care for your child. The information you give us will only be shared with staff on a need-to-know basis.

Enrollment forms and all other information concerning the child and family will be accessible to the custodial parent(s)/guardian(s), Center staff, and our licensing agent. Information concerning the child will not be made available to anyone else without written consent of the custodial parent(s)/guardian(s).

Families are asked to give consent on the child application to post general information about their child for staff in their child’s classroom. Information posted includes child’s name, birth
date, parent/guardian name(s), name(s) of siblings, pictures of their child, and special food/care requests.

Children’s files which contain classroom information about screening, assessment, anecdotal records, pictures and child drawings are used by the classroom staff for curriculum development and meeting children’s needs. These are readily available in the classroom to individual children’s custodial parent(s)/guardian(s). These files are used by the classroom staff and are confidential to the specific family of each child.

Child Records: Children’s records are confidential to the public but are “open” to the custodial parent(s)/guardian(s) of each child. Primarily these records consist of a child’s application, health and immunization records, accident/illness forms and medication logs.

**Mandatory Child Abuse Reporting/Support to Families**
Wisconsin law provides that certain persons are mandatory reporters of child abuse and neglect; they must report if they have reasonable cause to suspect that a child seen in the course of their professional duties has been abused or neglected or if they have reason to believe that a child seen in the course of their professional duties has been threatened with abuse or neglect or that abuse or neglect of the child will occur. Mandatory reporters include most health care providers, social workers, teachers and child care workers.

The Children’s Learning Center works to help increase parenting skills and support to families when needed. There are support services available on campus and throughout the community that can help families when intervention is needed. Please let us know if you would like contact information.

**Communication Within the Center**
If at any time you have a complaint or concern, it is important that you share this with the appropriate person(s) so that we can help to resolve the situation. Often clarification of a policy or procedure is quite helpful; sometimes a slight adjustment in policies or procedures may be warranted. Sometimes miscommunications, oversights, or errors occur and we very much want to address these.

If you have an operations-related concern (scheduling, billing, penalty fees, etc.), please seek the advice of the Associate Director or the person who handles the particular area of concern you have.

If you have a concern regarding classroom practices or your child’s experience in the classroom, share these with your Lead Teacher or Program Coordinator. The Director is also available for consultation or for help in providing a solution.

If you feel strongly about an issue about which you feel a satisfactory resolution has not occurred, a member of the Center’s Review Board can place your concern on the agenda for the next Review Board meeting. Member contact information is posted on a bulletin board in our lobby. The Review Board always welcomes fresh ideas or new approaches, as it is their role to represent the needs of the parents in the Center. At all times we want and need to hear comments.
and concerns. We are a large Center, and although we try to be aware of the individual needs of all, sometimes things get missed. Please do not let your needs go unspoken. We do care and are here to help you and your child.

**Private Care Arrangements**

Often parents ask if Center staff are available to provide evening or weekend child care in their home. Staff may only provide private care during hours that they are not scheduled to work at the Center. They also cannot provide care to a child if they are scheduled to open or close a classroom. The Center does not endorse or recommend staff to parents or parents to staff. Center staff who provide such child care are doing so outside the scope of their UWM employment and, as such, UWM is not liable for any conduct within a private arrangement of this nature. Arrangements of this sort should not be made while the staff is at the Center. In addition, please do not give out to other parents, without the staff’s permission, the telephone numbers of staff who may provide private care for your child.

**English Language Learning Families**

Classroom staff work closely together with families to support the child’s home language as well as learning the English language. We have a number of families and staff throughout the Center that are bilingual and have offered to help support us and families if a home language is one that teachers in the classroom are unfamiliar with.

Each classroom has a resource book of some common words in 11 different languages as well as the American Sign Language (ASL) sign to go with these words. This material is available to help teachers and families as we work to bridge the connection between home and school.

Classroom staff will ask you about your child’s primary language so we may gain even more information about your child’s language and the word they use for certain English words. (What word does your child use for Drink? Mother? Father? Bathroom? Hungry? School? Work?) The staff will make every attempt to learn these words and use your child’s word/language in their interaction with them.

When more assistance is needed, UWM’s Department of Foreign Languages is a rich resource to us if translation is requested by the family or staff.

**UWM Children’s Learning Center Review Board**

The Children’s Learning Center Review Board was established in 1975 to review and recommend policies, procedures, and services for the operation of the Center. Recommendations by the Board are made to the Director of the Center and the Division of Student Affairs. The Review Board draws its representation from the following categories: student, faculty, staff, and alumni/Hartford School parent-users of the Center, appointees by the Student Association and University appointment or elected faculty, academic and classified staff. The Director and Associate Director serve as ex-officio.

Review Board elections are held each spring. All parents are welcome and encouraged to run for election. Board appointments run for two-year terms and are staggered in such a way that the entire Board is not re-elected at one time.
All Review Board meetings are “open” meetings – anyone is welcome to attend. If you have any concerns, suggestions, or complaints regarding Center-wide policies or procedures, speak with a Board member in advance of a meeting and/or attend the meeting yourself. Information concerning the Board members and its meetings is posted in the lobby hallway.

Appeals of any of the Center Policies should be directed to the UWM Children’s Learning Center Review Board in writing.

**Friends of the UWM Children’s Learning Center**
The Friends of the UWM Children’s Learning Center at the University of Wisconsin – Milwaukee is an organization formed in 1985 to encourage community and campus involvement and support of the Children’s Learning Center and its programs. The organization is composed of UWM faculty, staff, alumni, past/present users, students, and members of the community at large.

Friends of the UWM Children’s Learning Center promotes interest in the Center by helping to strengthen and enrich the Center and its programs through private gifts and financial support.
DONATIONS/VOLUNTEERS NEEDED!!

Parent donations play a large part in helping us to create positive work and play environments. Following is a list of suggestions for many kinds of donations that are always put to use and are always appreciated!

MATERIALS

Music: any kind of bell, xylophones, pan lids, rattles, CDs, CD players.

Quiet Areas: rugs (large and small in good condition), sofa pillows, curtains, colorful sheets, posters, lamps, soft sculptures, mobiles.

Game-Making: old sturdy gift boxes, cigar boxes, shoe boxes, magazines and catalogs, felt or flannel, contact paper, heavy tagboard, shoelaces, ice cream buckets, any kind of plastic tubs.

Plant Care: pots, soil, gravel, nontoxic seeds/plant slips/flowers from your garden.

Clay Play: rolling pins, wooden mallets, potato mashers, cookie cutters, plastic place mats, things children can impress into clay (combs, plastic hair rollers, etc.).

Sand Play: small rakes, hoes, shovels, buckets, sifters, large spoons, ladles, spatulas, jello molds.

Dramatic Play: old phones, clocks, timers, cash register, play money, doctoring things, small tablecloths, small dishpans, dish racks, small pans and bowls, plastic fruits or vegetables, small vegetable or fruit cans, doll clothes, dolls, blankets, large cardboard boxes, helmets, old formals, capes and other costumes, glasses (without lenses), goggles, plastic rollers, new powder puffs and other cosmetic props, jewelry, fancy belts, aprons, masks, scarves, watches, small dressers, purses, bags, wallets, non-working cameras, child-sized woodworking tools, small brooms, cleaning brushes, dress-up shoes (low heels, small shoe sizes).

Large Muscle: cardboard barrels, telephone cable spools, tricycles, riding toys, hula hoops, jump ropes, Frisbees, bats, balls.

Water Play: boats, strainers, funnels, bubble pipes, watering cans, squirt bottles, spray bottles, floating animals, corks, measuring cups and spoons, ladles, egg beaters, clothespins (clips), eye droppers.

Cooking: ice cube trays, small durable plastic dishes or bowls, plastic mixing bowls, hot plates, containers with lids for leftovers, small milk pitchers, small cake pans and bread pans, large mixing spoons, can openers, paring knives, toasters, dish pans.

Art: plastic shaker bottles, popsicle sticks, ribbons, lace, gift wrap, thread and yarn spools, toilet paper tubes, paper towel and gift wrap cardboard tubes, gauze, glitter, gummed labels, cupcake papers, rick-rack, tape, toothpicks, small men’s shirt for smocks.
Science: prisms, rock samples, lenses, scales, magnets, gears, globes, litmus paper, charts, pulleys, eye droppers.

Toys: Any toys/games your child has outgrown can be used by children in younger rooms.

Clothes: Any clothing your child has outgrown can be used for “extra clothes” supplies in younger rooms. Newborn clothing can be used as doll clothes for large dolls. (We will donate clothing we cannot use to other organizations.)

Work Environmental Recyclables: If you work in any kind of situation where things are thrown out, we may be able to use these throwaways (e.g., office, restaurant, hospital, factory).

“Taste” Experience: pomegranate, avocados, kohlrabi, kiwi, turnips, beets, lemons, yams, collard greens, matzos, bean sprouts, etc.

Donations can be brought to the reception desk or to your child’s room.

PEOPLE POWER (PLEASE INDICATE TO YOUR CHILD’S LEAD TEACHER YOUR WILLINGNESS TO HELP IN THE FOLLOWING AREAS):

Sewing Projects: dress-up clothes, repair of cot sheets.

Show and Tell resources or demonstrations: Do you have a talent or interest to share? Working with clay, drawing, making puppets, silk screening, playing an instrument, baking bread, nature collections, occupational tools-of-the-trade, photography.

Carpentry/ Play Yard Upkeep: If you or a relative have a special interest in carpentry or gardening, we’d love to have you share your skills with us. Sometimes we need minor repair taken care of or something built for the classrooms. In the spring and summer, we have outdoor areas that need repair, upkeep, weeding, etc.
