What is CDS?
Community Design Solutions is a funded community design center in SARUP Solutions (CDS) is a funded non-profit design center that assists communities, agencies, civic groups, and agencies. Students and faculty to work on preliminary design and public outreach projects, with the goal of completing projects that enhance the quality of life in Milwaukee County neighborhoods.

What are we up to?
As part of an ongoing neighborhood initiative, CDS meets face to face with local homeowners to provide them with suggestions for updating their porches, decks, walkways, windows, and adding landscaping to completely redesigning homes. Clients and faculty work on preliminary design and public outreach projects, with the goal of completing projects that enhance the quality of life in Milwaukee County neighborhoods.
