GIRLS ENGINEERING CAMP

July 29 – August 3, 2018

A week-long overnight engineering camp for high school girls –

• Build new skills and take on an engineering project with global impact
• Explore our labs and engineering classrooms
• Visit working engineers and discover career opportunities in this growing field
• Meet women engineers who are changing the world at a special networking event
• Make new friends, experience campus life and stay in a UWM dorm

Be here and learn WHY engineering could be for you!

REGISTER TODAY! (Limited spaces)
