1. Announcements
   - Johannes Britz will be here June 6, 2011 at 11:45 to discuss the Dean search.

2. A motion was made by Tom Consi to approve Jerry Kaster’s course Coupling Science and Business Ingenuity as a Professional Core course for MS Professional Science track students for fall 2011. The motion was seconded by Tim Grundl and unanimously approved.

3. Mark brought up the need for defining the expectations of the practicum experience. It was agreed that further discussion will take place on June 6, after the meeting with Provost Britz.

4. Val Klump discussed the need for a shuttle or van service for students to and from campus in the fall. One suggestion was that we implement a hybrid model, with scheduled service surrounding fall course times, along with as needed service at night and other times.

5. Tim Grundl requested further information and discussion regarding internships for MS Professional Science track students.
