College of Health Sciences

Prioritize academic success!

• Attend class!
• Study a minimum of 2-3 hours/week for every credit in which you are enrolled.
• Limit part-time employment to 10-15 hours/week when possible.
• Access UWM email, D2L, and PAWS daily to stay informed.

Reach out!

• Connect with the College of Health Sciences on Facebook.
• Meet with your CHS advisor every semester (or more often if needed).
• Partner with your instructors and teaching assistants by attending office hours.
• Utilize your mentor and resident assistant throughout your first year on campus.

Involve yourself!

• Join the student organization affiliated with your CHS major.
• Explore campus-wide student organizations.
• Research national organizations associated with your future profession.
• Inquire about undergraduate research opportunities to complement your studies.

Develop a plan!

• Meet with your CHS advisor before priority enrollment begins. Call (414) 229-2758 to schedule an appointment.
• Research the UWM Schedule of Classes to discover what courses are offered next semester.
• Populate your enrollment shopping cart in PAWS with the courses recommended by your CHS advisor.
• Enroll in classes in PAWS on the day of your enrollment appointment!

Explore career opportunities!

• Utilize the Career Planning & Resource Center.
• Chat with your CHS advisor about career paths associated with your major.
• Job shadow with local businesses, facilities, and clinics.
• Attend the UWM Exploring Majors Fair and CHS Career Fair.
