janczew2@uwm.edu
This evaluation research project aims to learn information that can help home visiting programs in Wisconsin improve services for children and families.

If you agree to participate, you will be asked to complete a survey that asks questions about your health and well-being as well as your home visiting experiences.

You can complete the survey by mail or by phone. You will receive a $40 gift card for completing the survey.

We may contact you in the future with another survey that asks about your home visiting experiences as well as your child’s health and well-being. You will receive a $25 gift card for completing the second survey.

This project is a partnership between the Wisconsin Department of Children and Families, the Wisconsin Department of Health Services, the University of Wisconsin-Milwaukee and University of Illinois at Chicago.

For questions, or to complete the survey, please call: 1-855-685-4566

ABOUT THE STUDY

- Over 1,000 families will participate in the project.
- Your participation is voluntary.
- All of your information will be kept confidential.
- Whether or not you participate in the project will not affect the home visiting services you receive.
- The evaluation team will use the information we gather to help improve your home visiting program as well as other programs throughout Wisconsin.
