Step #1:
Select "UWMWiFi" from your list of available wireless networks.

Step #2:
When prompted for your user name and password, enter your ePantherID and password.
Step #3:
Accept the certificate.

Step #4:
You should now be connected and see a checkmark next to UWMWiFi. It should look similar to the image below.

You have now configured your device to connect to the “UWMWiFi” option when you enter a building with UWMWiFi.
