Kids and teens have summer fun at UWM

WHEN/WHAT/WHO: Fri., July 17, is a good time this summer to get a glimpse of the many bright young faces at College for Kids (CFK) and College for Teens (CFT) at UWM’s Kenwood campus. For 35 years, the popular hands-on enrichment program has drawn inquisitive students entering grades K5-12 next fall who have high academic potential, motivation and talent. One- and two-week classes in Creative Arts, Humanities/Social Sciences, Languages & Cultures, Math & Computers, and Science are taught by UW System faculty or highly qualified and experienced instructors. More than 700 children and teens have enrolled in over 2000 classes this summer. Over the years, more than 25,000 students have participated.
