    Master’s Degrees ....................................................................................................................................18
Baccalaureate Degree Candidates ..............................................................................................................25

Note:
Because of printing deadlines, it is possible that the list of degree candidates as presented in this program may not be entirely accurate. This program is not an official university document, and does not constitute certification that those whose names appear have completed degree requirements.
2012 has been a groundbreaking year for the University of Wisconsin-Milwaukee. We have started building very significant structures on our East Side, Harbor and Innovation Campuses. We also have opened our new building for the Zilber School of Public Health, started important renovations on our Northwest Quadrant and taken steps toward replacing the current Union. There have been celebrations to mark many of these steps toward the future of UWM.

It is only appropriate, then, that our last major festivity of this outstanding year should be to honor the final members of our Class of 2012.

As we celebrate these graduates, we should also look to them with a great sense of hope. Sitting among us today in their black caps and gowns are tomorrow’s teachers, nurses, law enforcement professionals, scientists, artists, health care experts, engineers, librarians, architects, business executives and more. Many have already shown glimpses of what they can do through their internships, work-study opportunities, and part-time and summer jobs. Others have accomplished what seems like an impossibility: completing a degree while wholly engaged in a full-time job, family leadership or both.

So many accomplishments already. So many more to come.

To all our guests here to witness today’s event, I thank you for supporting your adult child, relative, spouse or friend. And to all our graduates, I offer my warmest congratulations.

Best,

Michael R. Lovell
Chancellor
Official ceremonial activities and actions of the University of Wisconsin–Milwaukee nearly always make use of the UWM seal. It can be found on all significant university documents. The key elements of the UWM corporate seal are the university’s logo in the center and the years above the word “Milwaukee.”

The logo was redesigned in 1999 to more distinctly represent the university. Distinguishing elements of the redesigned logo include the different typefaces used for the letters “UW” and “M,” which reflect the diversity inherent at UW-Milwaukee, and the overlapping of the “W” and the “M” to show the connection between the University of Wisconsin System and Milwaukee’s university. The two wavy banners below the letters “UWM” show movement and suggest a continuum of education throughout one’s life. The banners also represent waves and emphasize how Milwaukee and the campus are located near water. The nimbus, appearing behind the logo, symbolizes educational enlightenment.

The three years noted in the corporate seal are 1849, 1885 and 1956.

1849 represents the era that higher education began in this state. Wisconsin became the 30th state in the union on May 29, 1848. Less than two months later, on July 26, the University of Wisconsin was established under provisions in the new state constitution. One of the initial steps to prepare students for university was enrolling young people in preparatory classes. On February 5, 1849, 17 boys arrived for preparatory classes in space borrowed from the Madison Female Academy. This date is referred to in Wisconsin education as Founders Day. Then, in autumn 1850, the first University of Wisconsin freshman class assembled in Madison for first-year instruction as part of a four-year college curriculum.

1885 denotes the beginnings of public higher education in Milwaukee at the Milwaukee State Normal School. The Wisconsin legislature in 1880 approved expanding higher education by establishing nine normal schools around the state. The first students in Milwaukee were admitted in 1885. In the beginning, curriculum was limited to a two-year teacher-training program. As its educational mission evolved, the school’s name changed. It became the Milwaukee State Teachers College in 1927 and the Wisconsin State College, Milwaukee, in 1951.

1956 signals the beginning of the modern era of public higher education in Milwaukee. During the late 1940s and early 1950s, many proposals to expand higher education offerings in Milwaukee were considered. The successful proposal approved in 1955 combined the previously mentioned Wisconsin State College, Milwaukee, and the Milwaukee office of the University Extension Center, an auxiliary of the University of Wisconsin in Madison. The new university was considered a part of the University of Wisconsin and classes at the new University of Wisconsin–Milwaukee began in the fall of 1956.
A Quick History of UWM

The name has changed—several times—but the roots of the University of Wisconsin-Milwaukee go back to 1885 when Wisconsin established the Milwaukee Normal School, a two-year teacher's college.

Some important dates:

1885  Milwaukee Normal School opens to train teachers in downtown Milwaukee at 18th & Wells
1892  University of Wisconsin offers day and evening classes in Milwaukee
1909  With the completion of a new Milwaukee Normal School building (today’s Mitchell Hall) the campus moves to its present location
1920  The University of Wisconsin Extension Division, formed in 1907, takes over responsibility for UW instruction in Milwaukee
1927  Normal school becomes Milwaukee State Teachers College with 4-year degree
1928  UW Extension opens Milwaukee Center downtown
1951  Milwaukee State Teachers College becomes Wisconsin State College with liberal arts degrees
1956  WSC & UW Milwaukee Extension merge to form UWM
1961  The 8.6-acre Milwaukee-Downer Seminary site, including 3 buildings, is purchased
1963  UWM offers first PhD degree, in mathematics
1964  UWM buys Milwaukee-Downer College buildings, expands campus
1965  UWM purchases the 6.3-acre Milwaukee University School campus
1970  Three residence towers, collectively called Sandburg Halls, open for student housing
1988  UW System designates eight Centers of Excellence at UWM
1995  Division of Outreach and Continuing Education Extension (now the School of Continuing Education) moves to new offices in the downtown Plankinton Building
2000  UWM awards diploma to 125,000th graduate; UWM named among top 102 public doctoral research universities in nation
2001  Governor announces honors academy at UWM
2002  Helene Zelazo Center for the Performing Arts opens. Fourth tower added to Sandburg Residence Halls.
2005  Men’s basketball team advances to Sweet 16 in NCAA Tournament.
2006  $100-million Campaign for UWM announced. Pavilion athletics complex and Kenilworth Square mixed-use student housing facility open. Men’s and women’s basketball teams both advance to NCAA Tournament.
2008  Campaign for UWM is completed more than a year early with $125 million pledged to the university.
2010  The School of Freshwater Sciences and Zilber School of Public Health become the first new academic schools established at UWM since the 1960s. UWM acquires the former Columbia Hospital campus: 11 acres; seven buildings with more than 800,000 gross square feet of space; and about 900 parking spaces.

By the turn of the century, the school had expanded to offer programs in the liberal arts and science as well as education. By the ‘30’s, the school, now called Milwaukee State Teachers College, was a national leader in innovative teacher education, with 1,500 students. A student from the 1916-17 academic year, Golda Meir, became prime minister of Israel from 1969-1974.

After World War II, the College was authorized to award four-year bachelor degrees and, in 1951 became Wisconsin State College. Five years later it combined with the Milwaukee Extension Center, which had been the local outreach program of the University of Wisconsin in Milwaukee. Together, the two institutions became the University of Wisconsin-Milwaukee, with its focus on academic research, teaching and community service.

Since its founding, UWM has expanded its programs so that today its 14 schools and colleges offer 94 undergraduate programs, 53 masters and 32 doctoral degrees.
**CHANCELLOR’S MEDALLION**

The medallion for Chancellor Lovell was created by a team of Peck School of the Arts faculty and students. The front is a map of the East Side campus, the mechanical back opens to reveal the chancellor's name, and the chain is made up of panther claw-inspired links.

**THE MEANING OF ACADEMIC REGALIA**

Academic gowns were worn as early as the 12th century. Their primary purpose then was to protect the wearer against the elements. When accepted styles of dress began to change in the 16th century, those in the legal and medical professions as well as scholars in the universities retained the traditional dress of gowns and hoods. The origin of the cap is unclear.

**Styles and colors** had no particular meaning until 1895 when an “Intercollegiate Code” established design and color criteria. The bachelor’s gown has long, pointed sleeves and is designed to be worn closed. The master’s gown has an oblong sleeve open at the wrist; the rear part of its oblong shape is square cut, the front part has an arc cut away. The gown may be worn open or closed. The doctor’s gown has velvet down the front with three bars of the same velvet across the sleeves. It may be worn open or closed.

The **academic hood** is the visual representation of the academic degree. The level of the degree is indicated by the length of the hood and the width of its velvet edging, with the doctoral hood being the largest. The color of the lining of the hood denotes the school conferring the degree, the color of the velvet binding denotes the field of study. The color denoting the University of Wisconsin-Milwaukee is gold, dark blue is the color denoting philosophy; therefore, all recipients of the Doctor of Philosophy degree (Ph.D.) at UWM wear hoods lined with gold and trimmed in dark blue velvet.

Other trim colors that you may observe among the masters candidates and the faculty are:

- **BLUE VIOLET** — Architecture
- **WHITE** — Art
- **BROWN** — Art/Dance/Drama
- **BEIGE** — Business Administration
- **LIGHT BLUE** — Education
- **ORANGE** — Engineering/Computer Science
- **PEACOCK** — Human Resources and Labor Relations
- **LEMON** — Library & Information Science
- **PINK** — Music
- **APRICOT** — Nursing
- **GOLD** — Science
- **CITRON** — Social Work/Criminal Justice

**Honors:** The gold cord, worn by some of the bachelor’s degree candidates, identifies those students who have been awarded Commencement Honors for high academic achievement throughout their career at UWM. An asterisk (*) is directly after the names of bachelor’s degree candidates awarded Commencement Honors in this program.

The pewter-colored stole recognizes undergraduate students receiving the Honor’s Degree. This special diploma is awarded in recognition of outstanding academic achievement to students who have completed the requirements of the University Honors College and achieved an overall grade point average of 3.5 or above.

Marshals wear the gold cap and gown. They are responsible for leading the degree candidates in the processional marches and for keeping order throughout the ceremony.

   Chairman
   The Marcus Corporation

CONFERRAL OF ACADEMIC DEGREES
   Michael R. Lovell, Chancellor
   University of Wisconsin-Milwaukee

RECESSIONAL
   Audience please remain seated during Recessional
STEPHEN H. MARCUS is chairman of The Marcus Corporation, a Milwaukee-based company that is a leader in lodging and entertainment. The Marcus Corporation has two divisions, Marcus Theatres and Marcus Hotels and Resorts. The company’s common stock is listed on the New York Stock Exchange. Marcus joined the company in 1962. He served as president from 1980 to January 2008 and as chief executive officer from 1988 to January 2009. He was elected chairman of the board in 1991.

Marcus’ strong leadership in The Marcus Corporation and his extensive involvement with community organizations have contributed to the growth and development of the City of Milwaukee. As he built a strong presence in the business world, Marcus also focused on the restoration and expansion of properties in the downtown cities of Milwaukee, Kansas and Oklahoma, ultimately increasing the economic vitality of those regions.

Marcus has made a significant impact on the lodging and entertainment industries. The company’s movie theater division owns or manages 678 theaters at 56 locations in eight states, the sixth largest theater group in the country. Its lodging division owns and manages 18 hotels, resorts and other properties in nine states. However, his contributions extend beyond the corporate environment. Marcus currently serves as director of the Greater Milwaukee Committee, the Metropolitan Milwaukee Association of Commerce and the Wisconsin Center District Board, positions that demonstrate his dedication to the wider community through his civic involvement.

Marcus was recognized as the 2004 Wisconsin Business Leader of the Year for his attention to the greater good and his influential role in the community. In 1993, he joined UWM’s Architecture & Urban Planning Design Council, which brought business and community leaders together to discuss key issues in development, design and construction in southeastern Wisconsin. Marcus’ lifelong interest in architecture is further evidenced by his joint effort with the School to create the Marcus Prize, a highly-coveted architecture award second only in prestige to the Pritzker Prize. In founding the Marcus Prize, he has drawn international attention to the UWM Architecture program, while providing UWM students the opportunity to work with some of the world’s most talented architects.

Steve Marcus was born in Minneapolis, Minnesota. He received a BBA degree in accounting from the University of Wisconsin-Madison in 1957 and a J.D. degree from the University of Michigan Law School in 1960. He resides in Milwaukee, Wisconsin, with his wife, Janice. Marcus has three sons and nine grandchildren.
DOCTORAL DEGREES

GRADUATE SCHOOL
David Yu
Interim Dean of the Graduate School

DOCTOR OF PHILOSOPHY
*Indicates August 2012 Graduate

ANTHROPOLOGY
William M. Balco
“Material Expressions of Social Change: Sicilian Responses to External Influences in the First Millennium B.C.”
Major Professor: Bettina Arnold
