Welcome to the 100th Commencement Ceremony of the University of Wisconsin–Milwaukee.

I have no doubt that our students who are graduating today have been asked one question many times: “What’s your major?” Although, technically, commencement day is a little late to be adding a major, I would like to challenge our students do just that. My suggestion is based on a Wall Street Journal article I read recently titled, “Graduating with a Major in Go-Getting.”

The article was one of the most promising I have read recently about the advantages of being a graduate this spring. Yes, the international economy has been in an uproar and many areas of employment are consolidating or contracting. But new graduates, according to the article, can have advantages – even over individuals with a few years of work experience. New graduates tend to be:

• Less expensive to hire
• Willing to work hard to get ahead
• More flexible (less likely to have a mortgage, spouse or children)
• Open to traveling
• Already adept at networking (think Facebook and MySpace)—and one can never have enough people assisting in a job search

To all family and friends with us today, I thank you for attending. Please encourage that graduate you know so well to embrace the concept of being a go-getter in the days ahead.

And to all of our graduates, I offer my congratulations and best wishes. You are going into a world of opportunity that needs the insights and intelligence you can gained here at the University of Wisconsin-Milwaukee. Go get ‘em.

Sincerely,

Carlos E. Santiago
Chancellor
THE STORY ABOUT THE UWM SEAL

Official ceremonial activities and actions of the University of Wisconsin–Milwaukee nearly always make use of the UWM seal. It can be found on all significant university documents. The key elements of the UWM corporate seal are the university’s logo in the center and the years above the word “Milwaukee.”

The logo was redesigned in 1999 to more distinctly represent the university. Distinguishing elements of the redesigned logo include the different typefaces used for the letters “UW” and “M,” which reflect the diversity inherent at UW-Milwaukee, and the overlapping of the “W” and the “M” to show the connection between the University of Wisconsin System and Milwaukee’s university. The two wavy banners below the letters “UWM” show movement and suggest a continuum of education throughout one’s life. The banners also represent waves and emphasize how Milwaukee and the campus are located near water. The nimbus, appearing behind the logo, symbolizes educational enlightenment.

The three years noted in the corporate seal are 1849, 1885 and 1956.

1849 represents the era that higher education began in this state. Wisconsin became the 30th state in the union on May 29, 1848. Less than two months later, on July 26, the University of Wisconsin was established under provisions in the new state constitution. One of the initial steps to prepare students for university was enrolling young people in preparatory classes. On February 5, 1849, 17 boys arrived for prep classes in space borrowed from the Madison Female Academy. This date is referred to in Wisconsin education as Founders Day. Then, in autumn 1850, the first University of Wisconsin freshman class assembled in Madison for first-year instruction as part of a four-year college curriculum.

1885 denotes the beginnings of public higher education in Milwaukee at the Milwaukee State Normal School. The Wisconsin legislature in 1880 approved expanding higher education by establishing nine normal schools around the state. The first students in Milwaukee were admitted in 1885. In the beginning, curriculum was limited to a two-year teacher-training program. As its educational mission evolved, the school’s name changed. It became the Milwaukee State Teachers College in 1927 and the Wisconsin State College, Milwaukee, in 1951.

1956 signals the beginning of the modern era of public higher education in Milwaukee. During the late 1940s and early 1950s, many proposals to expand higher education offerings in Milwaukee were considered. The successful proposal approved in 1955 combined the previously mentioned Wisconsin State College, Milwaukee, and the Milwaukee office of the University Extension Center, an auxiliary of the University of Wisconsin in Madison. The new university was considered a part of the University of Wisconsin and classes at the new University of Wisconsin–Milwaukee began in the fall of 1956.
The name has changed—several times—but the roots of the University of Wisconsin-Milwaukee go back to 1885 when Wisconsin established the Milwaukee Normal School, a two-year teacher’s college.

Some important dates:

1885  Milwaukee Normal School opens to train teachers in downtown Milwaukee at 18th & Wells
1892  University of Wisconsin offers day and evening classes in Milwaukee
1909  With the completion of a new Milwaukee Normal School building (today’s Mitchell Hall) the campus moves to its present location
1920  The University of Wisconsin Extension Division, formed in 1907, takes over responsibility for UW instruction in Milwaukee
1927  Normal school becomes Milwaukee State Teachers College with 4-year degree
1928  UW Extension opens Milwaukee Center downtown
1951  Milwaukee State Teachers College becomes Wisconsin State College with liberal arts degrees
1956  WSC & UW Milwaukee Extension merge to form UWM
1961  The 8.6-acre Milwaukee-Downer Seminary site, including 3 buildings, is purchased
1963  UWM offers first PhD degree in mathematics
1964  UWM buys Milwaukee-Downer College buildings, expands campus
1965  UWM purchases the 6.3-acre Milwaukee University School campus
1970  Three residence towers, collectively called Sandburg Halls, open for student housing
1988  UW System designates eight Centers of Excellence at UWM
1995  Division of Outreach and Continuing Education Extension (now the School of Continuing Education) moves to new offices in the downtown Plankinton Building
2000  UWM awards diploma to 125,000th graduate; UWM named among top 102 public doctoral research universities in nation
2001  Governor announces honors academy at UWM
2002  Helene Zelazo Center for the Performing Arts opens. Fourth tower added to Sandburg Residence Halls.
2005  Men’s basketball team advances to Sweet 16 in NCAA Tournament.
2006  $100-million Campaign for UWM announced. Pavilion athletics complex and Kenilworth Square mixed-use student housing facility open. Men’s and women’s basketball teams both advance to NCAA Tournament.
2008  Campaign for UWM is completed more than a year early with $125 million pledged to the university.

By the turn of the century, the school had expanded to offer programs in the liberal arts and science as well as education. By the ’30’s, the school, now called Milwaukee State Teachers College, was a national leader in innovative teacher education, with 1,500 students. A student from the 1916-17 academic year, Golda Meir, became prime minister of Israel from 1969-1974.

After World War II, the College was authorized to award four-year bachelor degrees and, in 1951 became Wisconsin State College. Five years later it combined with the Milwaukee Extension Center, which had been the local outreach program of the University of Wisconsin in Milwaukee. Together, the two institutions became the University of Wisconsin-Milwaukee, with its focus on academic research, teaching and community service.

Since its founding, UWM has expanded its programs so that today its 12 schools and colleges offer 84 undergraduate programs, 49 masters and 29 doctoral degrees.
CHANCELLOR’S MEDALLION

The medallion used in today’s ceremony was commissioned by the UW–Milwaukee Alumni Association. The medallion is a representation of UWM’s seal, based on a rendering by alumnus John Thiel of Thiel Design. The neck ribbons are in university colors — black and gold.

THE MEANING OF ACADEMIC REGALIA

Academic gowns were worn as early as the 12th century. Their primary purpose then was to protect the wearer against the elements. When accepted styles of dress began to change in the 16th century, those in the legal and medical professions as well as scholars in the universities retained the traditional dress of gowns and hoods. The origin of the cap is unclear.

Styles and colors had no particular meaning until 1895 when an “Intercollegiate Code” established design and color criteria. The bachelor’s gown has long, pointed sleeves and is designed to be worn closed. The master’s gown has an oblong sleeve open at the wrist; the rear part of its oblong shape is square cut, the front part has an arc cut away. The gown may be worn open or closed. The doctor’s gown has velvet down the front with three bars of the same velvet across the sleeves. It may be worn open or closed.

The academic hood is the visual representation of the academic degree. The level of the degree is indicated by the length of the hood and the width of its velvet edging, with the doctoral hood being the largest. The color of the lining of the hood denotes the school conferring the degree, the color of the velvet binding denotes the field of study. The color denoting the University of Wisconsin-Milwaukee is gold, dark blue is the color denoting philosophy; therefore, all recipients of the Doctor of Philosophy degree (Ph.D.) at UWM wear hoods lined with gold and trimmed in dark blue velvet.

Other trim colors that you may observe among the masters candidates and the faculty are:

BLUE VIOLET — Architecture
WHITE — Art
BROWN — Art/Dance/Drama
BEIGE — Business Administration
LIGHT BLUE — Education
ORANGE — Engineering/Computer Science

PEACOCK — Human Resources and Labor Relations
LEMON — Library & Information Science
PINK — Music
APRICOT — Nursing
GOLD — Science
CITRON — Social Work/Criminal Justice

Honors: The gold cord, worn by some of the bachelor’s degree candidates, identifies those students who have been awarded Commencement Honors for high academic achievement throughout their career at UWM. An asterisk (*) is directly after the names of bachelor’s degree candidates awarded Commencement Honors in this program.

The pewter-colored stole recognizes undergraduate students receiving the Honor’s Degree. This special diploma is awarded in recognition of outstanding academic achievement to students who have completed the requirements of the University Honors College and achieved an overall grade point average of 3.5 or above.

Marshals wear the gold cap and gown. They are responsible for leading the degree candidates in the processional marches and for keeping order throughout the ceremony.

COMMENCEMENT CEREMONY SPEAKER & HONORARY DEGREE RECIPIENT

BRANKO TERZIC
Global & U.S. Regulatory Policy Leader, Deloitte Services, LP

Honorary Doctor of Science in Engineering
Escorted by: Dean Michael Lovell, College of Engineering and Applied Science

BRANKO TERZIC is a Global & U.S. Regulatory Policy leader in Energy and Resources for Deloitte Services LP. He holds a Bachelor of Science degree in engineering from the University of Wisconsin-Milwaukee and was honored by UWM in 1999 as a Distinguished University Graduate. Terzic is a registered professional engineer in Wisconsin.

Terzic is one of the most respected leaders in the energy field and provides consulting services to private corporations as well as government agencies in the energy, utility and infrastructure industries in regulation, privatization, competitive strategy and value creation. As Commissioner of the Federal Energy Regulatory Commission (1990-1993), Terzic was instrumental in the development of federal energy policy that continues to guide today’s natural gas markets. He maintains an important role in the creation of a national and international climate change policy and is regularly called on to provide expert advice including a frequent role as commentator on CNBC, CNN, Fox and PBS, and in print media.

Terzic’s civic leadership is evident by the positions he holds in the national and international arena. In 2007, he was elected as chairman of the United Nations Economic Commission for Europe (UNECE) Ad Hoc Group of Experts on Cleaner Electricity Production from Coal and Other Fossil Fuels. Well known in the professional community as a leader in the advancement of women and minorities especially in the energy industry, he was honored in 2007 by the Women’s Council on Energy and the Environment for his support for women in the industry.

Terzic represents excellence in education, strong core values, exemplary civic leadership and professional success. He is most deserving of an honorary degree from the University of Wisconsin-Milwaukee.
