Welcome to the 110th University of Wisconsin-Milwaukee Commencement.

This is the day to recognize the academic effort and personal commitment put forward by our graduating students. As you look around, you can appreciate our need to use an arena of this size. Gathered together, we look every bit like the university that enrolls more Wisconsin residents than any other.

The work of a university and how it influences students is often considered to conclude when students finish their studies. At UWM, we are working to change that perception. Many members of our faculty and staff are involved in partnerships with area businesses, industries, non-profit agencies and educational institutions. These partnerships are leading to more jobs throughout the region for our students after they graduate. We’re also encouraging new levels of innovation and entrepreneurship among our faculty, staff and students to support their efforts to create new companies and, again, create more jobs. The university’s role in the community evolves constantly, and UWM embraces the challenge of keeping up with the changes needed to support the region.

On behalf of the UWM faculty and staff, I congratulate all of today’s graduating students. They are the first members of our Class of 2014. When combined with those who will follow them in December, the UWM Class of 2014 will be well in excess of 5,000 students. An academic degree brings newfound opportunities and benefits to both the recipient and the wider community. I know all of us gathered here celebrate our students’ accomplishments today, and, because of their achievements, we look forward to a brighter tomorrow.

Best,

Michael R. Lovell
Chancellor
THE STORY OF THE UWM SEAL

Official ceremonial activities and actions of the University of Wisconsin–Milwaukee nearly always make use of the UWM seal. It can be found on all significant university documents. The key elements of the UWM corporate seal are the university’s logo in the center and the years above the word “Milwaukee.”

The logo was redesigned in 1999 to more distinctly represent the university. Distinguishing elements of the redesigned logo include the different typefaces used for the letters “UW” and “M,” which reflect the diversity inherent at UW-Milwaukee, and the overlapping of the “W” and the “M” to show the connection between the University of Wisconsin System and Milwaukee’s university. The two wavy banners below the letters “UWM” show movement and suggest a continuum of education throughout one’s life. The banners also represent waves and emphasize how Milwaukee and the campus are located near water. The nimbus, appearing behind the logo, symbolizes educational enlightenment.

The three years noted in the corporate seal are 1849, 1885 and 1956.

1849 represents the era that higher education began in this state. Wisconsin became the 30th state in the union on May 29, 1848. Less than two months later, on July 26, the University of Wisconsin was established under provisions in the new state constitution. One of the initial steps to prepare students for university was enrolling young people in preparatory classes. On February 5, 1849, 17 boys arrived for preparatory classes in space borrowed from the Madison Female Academy. This date is referred to in Wisconsin education as Founders Day. Then, in autumn 1850, the first University of Wisconsin freshman class assembled in Madison for first-year instruction as part of a four-year college curriculum.

1885 denotes the beginnings of public higher education in Milwaukee at the Milwaukee State Normal School. The Wisconsin legislature in 1880 approved expanding higher education by establishing nine normal schools around the state. The first students in Milwaukee were admitted in 1885. In the beginning, curriculum was limited to a two-year teacher-training program. As its educational mission evolved, the school’s name changed. It became the Milwaukee State Teachers College in 1927 and the Wisconsin State College, Milwaukee, in 1951.

1956 signals the beginning of the modern era of public higher education in Milwaukee. During the late 1940s and early 1950s, many proposals to expand higher education offerings in Milwaukee were considered. The successful proposal approved in 1955 combined the previously mentioned Wisconsin State College, Milwaukee, and the Milwaukee office of the University Extension Center, an auxiliary of the University of Wisconsin in Madison. The new university was considered a part of the University of Wisconsin and classes at the new University of Wisconsin–Milwaukee began in the fall of 1956.
**A Quick History of UWM**

The name has changed—several times—but the roots of the University of Wisconsin-Milwaukee go back to 1885 when Wisconsin established the Milwaukee Normal School, a two-year teacher’s college.

Some important dates:

- **1885** Milwaukee Normal School opens to train teachers in downtown Milwaukee at 18th & Wells
- **1892** University of Wisconsin offers day and evening classes in Milwaukee
- **1909** With the completion of a new Milwaukee Normal School building (today’s Mitchell Hall) the campus moves to its present location
- **1920** The University of Wisconsin Extension Division, formed in 1907, takes over responsibility for UW instruction in Milwaukee
- **1927** Normal school becomes Milwaukee State Teachers College with 4-year degree
- **1928** UW Extension opens Milwaukee Center downtown
- **1951** Milwaukee State Teachers College becomes Wisconsin State College with liberal arts degrees
- **1956** WSC & UW Milwaukee Extension merge to form UWM
- **1961** The 8.6-acre Milwaukee-Downer Seminary site, including 3 buildings, is purchased
- **1963** UWM offers first PhD degree, in mathematics
- **1964** UWM buys Milwaukee-Downer College buildings, expands campus
- **1965** UWM purchases the 6.3-acre Milwaukee University School campus
- **1970** Three residence towers, collectively called Sandburg Halls, open for student housing
- **1988** UW System designates eight Centers of Excellence at UWM
- **1995** Division of Outreach and Continuing Education Extension (now the School of Continuing Education) moves to new offices in the downtown Plankinton Building
- **2000** UWM awards diploma to 125,000th graduate; UWM named among top 102 public doctoral research universities in nation
- **2001** Governor announces honors academy at UWM
- **2002** Helene Zelazo Center for the Performing Arts opens. Fourth tower added to Sandburg Residence Halls.
- **2005** Men’s basketball team advances to Sweet 16 in NCAA Tournament.
- **2006** $100-million Campaign for UWM announced. Pavilion athletics complex and Kenilworth Square mixed-use student housing facility open. Men’s and women’s basketball teams both advance to NCAA Tournament.
- **2008** Campaign for UWM is completed more than a year early with $125 million pledged to the university.
- **2010** The School of Freshwater Sciences and Zilber School of Public Health become the first new academic schools established at UWM since the 1960s. UWM acquires the former Columbia Hospital campus: 11 acres; seven buildings with more than 800,000 gross square feet of space; and about 900 parking spaces.

By the turn of the century, the school had expanded to offer programs in the liberal arts and science as well as education. By the ’30’s, the school, now called Milwaukee State Teachers College, was a national leader in innovative teacher education, with 1,500 students. A student from the 1916-17 academic year, Golda Meir, became prime minister of Israel from 1969-1974.

After World War II, the College was authorized to award four-year bachelor degrees and in 1951 became Wisconsin State College, Milwaukee. Five years later it combined with the Milwaukee Extension Center, which had been the local outreach program of the University of Wisconsin in Milwaukee. Together, the two institutions became the University of Wisconsin-Milwaukee, with its focus on academic research, teaching and community service.

Since its founding, UWM has expanded its programs so that today its 14 schools and colleges offer 94 undergraduate programs, 53 masters and 32 doctoral degrees.
**CHANCELLOR’S MEDALLION**

The medallion for Chancellor Lovell was created by a team of Peck School of the Arts faculty and students. The front is a map of the East Side campus, the mechanical back opens to reveal the chancellor’s name, and the chain is made up of panther claw-inspired links.

**THE MEANING OF ACADEMIC REGALIA**

Academic gowns were worn as early as the 12th century. Their primary purpose then was to protect the wearer against the elements. When accepted styles of dress began to change in the 16th century, those in the legal and medical professions as well as scholars in the universities retained the traditional dress of gowns and hoods. The origin of the cap is unclear.

**Styles and colors** had no particular meaning until 1895 when an “Intercollegiate Code” established design and color criteria. The bachelor’s gown has long, pointed sleeves and is designed to be worn closed. The master’s gown has an oblong sleeve open at the wrist; the rear part of its oblong shape is square cut, the front part has an arc cut away. The gown may be worn open or closed. The doctor’s gown has velvet down the front with three bars of the same velvet across the sleeves. It may be worn open or closed.

**The academic hood** is the visual representation of the academic degree. The level of the degree is indicated by the length of the hood and the width of its velvet edging, with the doctoral hood being the largest. The color of the lining of the hood denotes the school conferring the degree, the color of the velvet binding denotes the field of study. The color denoting the University of Wisconsin-Milwaukee is gold, dark blue is the color denoting philosophy; therefore, all recipients of the Doctor of Philosophy degree (Ph.D.) at UWM wear hoods lined with gold and trimmed in dark blue velvet.

Other trim colors that you may observe among the masters candidates and the faculty are:

- BLUE VIOLET—Architecture
- WHITE—Art
- BROWN—Art/Dance/Drama
- BEIGE—Business Administration
- LIGHT BLUE—Education
- ORANGE—Engineering/Computer Science
- PEACOCK—Human Resources & Labor Relations
- LEMON—Library & Information Science
- PINK—Music
- APRICOT—Nursing
- GOLD—Science
- CITRON—Social Work/Criminal Justice

**Honors:** The gold cord, worn by some of the bachelor’s degree candidates, identifies those students who have been awarded Commencement Honors for high academic achievement throughout their career at UWM. An asterisk (*) is directly after the names of bachelor’s degree candidates awarded Commencement Honors in this program.

The pewter-colored stole recognizes undergraduate students receiving the Honor’s Degree. This special diploma is awarded in recognition of outstanding academic achievement to students who have completed the requirements of the University Honors College and achieved an overall grade point average of 3.5 or above.

The red, white, and blue cord is being worn by our veterans and military service members.

EVELYN BROOKS HIGGINBOTHAM
Victor S. Thomas Professor of History and of African American Studies
Harvard University

HONORARY DOCTOR OF HISTORY

ESCORTED BY: Dean Rodney Swain, College of Letters and Science

EVELYN BROOKS HIGGINBOTHAM is the Victor S. Thomas Professor of History and of African American Studies at Harvard University. She served as the chair of the Department of African and African American Studies at Harvard from 2006 to 2013. She is the founder and coordinator of that department’s Social Engagement Initiative, an innovative pedagogy that combines rigorous academic work with on-the-ground experience. Prior to coming to Harvard in 1993, Higginbotham was a tenured member of the Department of History at the University of Pennsylvania. She has enjoyed many years as a teacher, beginning her career as a public school teacher in Milwaukee, Wisconsin and in Washington, DC, before moving to the university setting. She has also taught at Dartmouth College and the University of Maryland, as well as holding visiting professorships at New York University and Princeton University. At the special invitation of Duke University, she taught at the Duke Law School in academic year 2010-2011 as the inaugural John Hope Franklin Professor of American Legal History.

Higginbotham earned her Ph.D. from the University of Rochester in American History, her M.A. from Howard University, and her B.S. from the University of Wisconsin-Milwaukee. A pioneering figure in African American women’s history, her published work spans a range of topics, including women in African American religious history, race and gender theory, and civil rights. She has thoroughly revised and re-written the classic African American history survey From Slavery to Freedom, which was first published by John Hope Franklin in 1947. She is the co-author with the late John Hope Franklin of this book’s ninth edition, which came out in 2010. She is also the author of the prizewinning book Righteous Discontent: The Women’s Movement in the Black Baptist Church 1880-1920 (1993), and is noted for her highly cited article “African American Women’s History and the Metalanguage of Race.” Higginbotham is co-editor with Henry Louis Gates, Jr., of the African American National Biography, now in its second edition (2013). This multivolume work, which presents African American history through the lives of more than 5,000 biographical entries, can also be accessed electronically.

Higginbotham is the recipient of numerous awards and honors. Of those most recently received, she is currently the John Hope Franklin Fellow at the National Humanities Center in Research Triangle Park, North Carolina, for the academic year 2013-2014. In July 2013, she received the James W.C. Pennington Award from the University of Heidelberg (Germany) for her scholarly contributions to African American Religious History. She was awarded the Star Family Prize for Excellence in Advising in May 2012 for her exemplary intellectual guidance and mentorship of Harvard undergraduates. In 2012 she received the Living Legacy Award from the Association for the Study of African American Life and History; and in 2011 received the Honorary Doctorate from Howard University. In 2010, Higginbotham was inducted into the American Philosophical Society for promoting useful knowledge. The Association for the Study of African American Life and History awarded her the Carter G. Woodson Scholars Medallion in 2008, and the Urban League awarded her the Legend Award that same year. In 2005, AOL Black Voices included her among the “Top 10 Black Women in Higher Education.” In 2003 she was chosen by Harvard University to be a Walter Channing Cabot Fellow in recognition of her achievements and scholarly eminence in the field of history.
HERBERT H. KOHL
President and Owner, Milwaukee Bucks Organization
Retired U.S. Senator for Wisconsin

Honorary Doctor of Public Service and Education

Escorted by: Dean David E. J. Garman, School of Freshwater Sciences

HERBERT H. KOHL public servant, philanthropist, businessman and professional sports team owner. All four accurately describe Herb Kohl, who begins his 29th season as president and owner of the Milwaukee Bucks organization. Kohl purchased the team on March 1, 1985 from Jim Fitzgerald, ensuring it would remain in Milwaukee.

In 1988, Kohl was elected to a six-year term as Wisconsin’s 25th United States Senator, and he would go on to serve four terms in office. Having announced he would not seek re-election, Senator Kohl completed 24 years of public service at the end of 2012.

A Milwaukee native who grew up in the Sherman Park neighborhood, Kohl has maintained a lifetime commitment to his home city and state. He attended Sherman Elementary School and Milwaukee Washington High School. Kohl graduated from the University of Wisconsin-Madison in 1956, and went on to earn a Master’s degree from the Harvard University Graduate School of Business Administration in 1958. Kohl served in the Army Reserve from 1958-64.

From 1959-69, Kohl served in many capacities with the then family-owned Kohl Corporation, operators of grocery and department stores. His parents had built their first Kohl’s Food Market in the late ’20s, and from that inauspicious beginning, grew the business into one of the Midwest’s leading grocery and department store chains. Kohl was president from 1970 through the sale of the corporation by the family in 1979, and the Kohl’s Department Stores have now expanded throughout the United States.

After years of involvement in public affairs in Wisconsin, having served as general chairman of Milwaukee’s United Way campaign and state chairman of the Wisconsin Democratic Party, Kohl decided to run for the United States Senate seat vacated by William Proxmire. He was first elected to a six-year term in 1988, re-elected in November of 1994, in November of 2000, and again in November of 2006. His fourth and final term expired at the end of the 112th Congress on January 3, 2013.

Involved in a vast array of community-minded projects, Kohl has consistently championed the cause of education. He established the Herb Kohl Educational Foundation Excellence Scholarship and Fellowship Award Program in 1990. As of August 2013, the Herb Kohl Educational Foundation has awarded a total of $8.6 million to Wisconsin educators, students and schools.

With a life-long interest in sports, Kohl was one of 10 original investors in the Milwaukee Brewers, and he also initiated negotiations with then NBA commissioner Walter Kennedy, which ultimately led to the granting of a franchise in January of 1968 to a group of Milwaukee investors.

Recognized for his many efforts, Kohl has received numerous awards from throughout the state of Wisconsin, including: the 2013 Fellowship Open Legends Award from the Fellowship Open, one of the country’s largest diversity charity golf outings, for his contributions in government service, business and in philanthropy; induction into the Wisconsin Athletic Hall of Fame in 2007; an Honorary Doctor of Humane Letters degree from Ripon College in 1999; Best Corporate Citizen of 1997 by Madison Magazine; the “Kiwanis Milwaukee Award” in 1987; an Honorary Doctor of Laws degree from Cardinal Stritch College of Milwaukee in 1986; the Greater Milwaukee Convention and Visitors Bureau “Lamplighter Award” in 1986; named “Humanitarian of the Year” in 1986 by the Wisconsin Parkinson Association; “Wisconsin Sports Personality of the Year” in 1985 by the Milwaukee Pen and Mike Club; and the “Joe Killeen Memorial Sportsman of the Year” in 1985 by the Wisconsin Broadcasters Association.

Harvard University to be a Walter Channing Cabot Fellow in recognition of her achievements and scholarly eminence in the field of history.

JOHN W. DANIELS JR.  
Chairman Emeritus  
Quarles & Brady LLP  

**Honorary Doctor of Business**  

**Escorted by:** Dean Timothy Smunt, Sheldon B. Lubar School of Business  

JOHN W. DANIELS JR. is the chairman emeritus of Quarles & Brady LLP, one of the nation’s most prominent law firms, with nine offices nationwide. He successfully completed a six-year term of service as firm chairman last year. During the term he led Quarles through a fundamental transformation, shifting from the traditional operational model upon which most major law firms are built to a client-centric, business-minded organization. He drove this cultural shift in the midst of the worst economy in decades, resulting in significant growth while much of the legal industry declined.

Within the legal industry, Mr. Daniels, a Harvard Law School graduate, is no less celebrated, receiving honors such as a Spirit of Excellence Award from the American Bar Association, while the National Bar Association honored him with its Legends Award (together with the Tuskegee Airmen). He was also selected as Entrepreneur of the Year by the National Association of Accountants. He received the first Pathfinder Award from the African-American Managing Partners Network, and he was honored with a National Managing Partner of the Year Award from his peers in law firms across the country. The National Law Journal named him one of “the 50 most influential diverse attorneys in America,” and he was identified as one of “100 Managing Partners You Need to Know” by Lawdragon.

Formerly the national president of the prestigious American College of Real Estate Lawyers (and national secretary of the ABA Section of Real Property, Probate & Trust), Mr. Daniels has established an impressive career in real estate law, representing Fortune 500 entities, public pension funds, and some of the largest financial services companies in the nation. He has played a significant role in some of the most complex real estate redevelopment projects in America, including representing the largest property owners in the redevelopments of Wisconsin Center and the BMO Harris Bradley Center. He has also served as lead counsel for major institutions both in the financing and the disposition of commercial real estate — he serves as national real estate counsel for Philip Morris Capital Corporation and has represented numerous other major corporations on their real estate developments throughout the U.S., including General Electric Capital Corporation, Xerox Corporation, and Kraft Foods.

Mr. Daniels has served on important corporate and civic boards, including BMO Harris, and he currently serves as chairman of Aurora Healthcare, Inc. He has further advocated for better schools as former chair of the Greater Milwaukee Foundation and current chair of the Greater Milwaukee Committee, both of which have been at the center of the “Milwaukee Succeeds” program, which seeks “success for every child, in every school, cradle to career.”

Mr. Daniels is well recognized in the Wisconsin community and has enjoyed numerous honors for his enthusiastic service to the State, such as a Lifetime Achievement Award from the Business Journal of Milwaukee, a Friend of the University Award from the Marquette University Alumni Association, and an Excellence in Education Award from the Milwaukee Public Schools board of directors — the latter in recognition of his efforts to raise more than a million dollars to support Milwaukee youngsters in Morehouse College’s scholarship program, along with his friend and colleague, Johnson Controls Chief Diversity Officer and Vice President of Community Affairs Charles Harvey. Mr. Daniels has further championed education for urban youth through his annual Fellowship Open, a celebrity golf tournament that has raised nearly $1 million since its inception, which funds programs that help Milwaukee’s kids realize their professional potentials.

Daniels, a graduate of Milwaukee Public Schools, is so personally invested in educational opportunities that, upon the completion of his term of service as chairman of Quarles & Brady, the firm and many supporters in the community established an American Bar Association Scholarship Legal Opportunity Scholarship fund in his honor, which will provide financial support to worthy diverse law students nationwide. He and his wife, Irma, have two children, John III and Inez, and one grandson, John IV.
GOLD CEREMONY COMMENCEMENT SPEAKER &
HONORARY DEGREE RECIPIENT

ASHWANI KUMAR GUPTA
Distinguished University Professor
University of Maryland, College Park

Honorary Doctor of Energy and Engineering Science

Escorted by: Dean Brett Peters, College of Engineering and Applied Science

ASHWANI KUMAR GUPTA obtained his PhD in 1973 from Sheffield University. He was awarded higher doctorate (D.Sc.) from the University of Sheffield in 1986 and also from the University of Southampton, UK in 2013. He worked as a Research Fellow and Independent Research worker at Sheffield University. In 1977 he moved to Massachusetts Institute of Technology (MIT) as member of research staff at Energy Laboratory and Chemical Engineering department where he was instrumental in making major research programs in combustion, energy and environment. In 1983 he moved to the University of Maryland as a faculty member and to serve as Director of the Combustion Laboratory.

Professor Gupta is a Distinguished University Professor at the University of Maryland (UMD), College Park. He has authored over 650 technical papers, 3 books, 9 edited books, 11 book chapters and delivered over 100 plenary and keynote lectures at international conferences and organizations. His honors and awards include: American Society of Mechanical Engineers (George Westinghouse Gold medal, Holley Medal, Worcester Reed Warner Medal, James Landis Medal, James Harry Potter Gold Medal, Melville Medal and Percy Nicholls award); American Institute of Aeronautics and Astronautics (Propellants and Combustion Award, and Energy Systems award); and University of Maryland (President Kirwan Research Award, and College of Engineering Research Award). He served as the Director of Propulsion and Energy at the American Institute of Aeronautics and Astronautics and also served on their Board of Directors. He serves as Advisory Board member at Virtucon, Freiberg Institute, Germany. He is Chair of Board of Boiler rules appointed by the Governor of State of Maryland. He is the Oversight Chair of International conference on Incineration and Thermal Treatment Technologies (called IT3). He is Founding Co-Editor of Environmental and Engineering book series published by CRC press, and Associate Editor of Journal of Propulsion and Power, Journal Applied Energy, International Journal of Spray and Combustion Dynamics, and Journal Sustainable Energy and Environment. He is Editor-in-Chief of APEC Youth Journal. He was International Consultant to the Japanese Government (Ministry of International trade and industry) where he discovered Green Flame with significant environmental and efficiency benefits for use in industrial furnaces. His work has lead novel combustor design for gas turbine engines with significant benefits on pollution reduction and fuel savings. Now many people in the technical community call him as the father of High Temperature Air Combustion Technology (called HiTAC) and also “Mr. Green Flame”.
