- IV. Provost's Report:

Provost Wanat informed the UC that the Investment Plan reprint request was being processed and the documents should be available some time next week. They will be distributed to the Regents and to new faculty and chairs at their Fall orientations.

The Provost reported that Chancellor Zimpher would be presenting two themes to the Regents at their June meeting: access and quality. He said that data were being collected from the web based responses to the Chancellor's request for assessment of progress on the Investment Plan. Clarification and more detailed reports would also be obtained from the Deans meeting scheduled for 5/28. Provost Wanat will also be presenting a charter school proposal to the Education Committee. Vice Chancellor Melkus will be presenting to the Business Committee and the Black and Gold Committee will be presenting to the Education Committee.

The Provost reported that nominees for the Secretary of the University position were being contacted this week. Nominees will meet with the UC prior to open public forums. The Provost had nothing new to report on budget, tuition, parking, or sabbatical funding.

- V. Special Guest:

Karla Ashenhurst was invited to discuss several issues before the Legislature. She reported the sabbatical funding bill is circulating but has not yet been introduced. State Rep. Jeff Wood, primary author of the bill, is currently seeking a Joint Finance Committee member to offer it as an amendment to the budget bill. State Rep. Sue Jeskewitz, coauthor of the bill, is not opposed to sabbaticals themselves but is opposed to funding them with tax dollars. She has suggested using foundation funding to support sabbaticals. The \$26 million figure being suggested as a possible savings comes from salary and fringe benefit information for faculty approved for sabbaticals this year. Ashenhurst reported that State Rep. Curt Gielow would be speaking out in caucus to keep current sabbatical funding. He understands it is a quality issue which has long term impact on recruitment and retention.

The committee asked about the three-tier health program being proposed. Ashenhurst reported she has heard very little about this and it won't be part of the current budget bill.

Discussion followed regarding Assembly Bill 264, which could create resident-only parking around the UWM neighborhood. The bill, authored by State Reps. Jon Richards and Alberta Darling, is enabling legislation. It would allow the City of Milwaukee to create ordinances for resident only parking. The Legislators in general feel that this is a local control issue so they may pass the bill to enable the City to deal with it. Ashenhurst testified for information purposes only at a hearing in May and will forward her testimony to the UC.
