The mission of the TRIO/Pre-College Programs is to prepare and inspire elementary through high school students for post-secondary education through academic, personal and social support in partnership with parents, schools and the community.

Future Success Program wants you to experience.

► An Academic Year Program
► An extensive 6-week Summer Program
► Core Subject Enrichment
► Preparation for admissions process to a 4 Year Wisconsin Public University
The Future Success Program (FSP) provides academic support and guidance to students and parents in preparation for college admission, enrollment and completion. Students eligible for free or reduced lunch in grades 9-12 with a GPA of at least 2.0 will be ensured completion of college prep coursework, registration and completion of the ACT exam, timely submission of college and financial aid applications and scholarship forms. Students will be provided intense academic advising, career exploration, mentoring, test-taking, tutoring and study skills.

UW-Milwaukee Pre-College program participants include some of Milwaukee’s best and bright students. As a result of participating in FSP students will be eligible for the UW-Milwaukee Panther Promise program. The UW-Milwaukee Panther Promise guarantees university admission to all qualified TRIO & Pre-College program participants. In addition students will also qualify for other benefits including:

* an application processing fee waiver
* referential acceptance to on campus housing
* special scholarship consideration
* a college student mentor to help students make a successful transition from high school to college.

The academic year component runs from Oct-May consists of Critical Thinking Workshops, Tutoring, Academic Advising, ACT Prep Course and Exam, College Exploration, Career Exploration, Wisconsin College Tours, Mentoring, Leadership Skills, Volunteer Opportunities and Parental Informational Sessions.

The summer component is designed to be an instructional program for students to be better prepared for their core classes the following school year and to offer college level coursework. During 6 intensive weeks the goal is to improve study skills, offer tutoring and academic advising. The curriculum consists of Math, Science, English and STEM electives in: (Business, Health, IT, Spanish, Architecture (AUP), and Engineering).

All students commute daily to the UWM campus and are provided bus tickets. Students will also take part in UWM Workshops in areas of Career Services, Recruitment and Outreach and Enrollment Services.
