

Production Club

11/7/2017

My name is Emma Keehan and I am an officer/producer for Production Club here at UW-Milwaukee. I have been an officer for 3 years and an active member for 4 years and during this time, we have utilized the Union for many things, including: meetings, showcases, filming, and events.

Rebuilding and remodeling the Union would benefit us as a club. As a whole, we try to be green-friendly with our shoots, encouraging the use of personal water bottles on set, recycling scripts and papers, and turning off our large lights as soon as they are done being used. A greener union would enhance our affiliation with the eco-friendly world and hopefully encourage our members to be even more diligent with their green decisions.

Having more collaborative organization spaces and services would open up opportunities to connect with other clubs, host more meetings and workshops in the union, and provide a number of availabilities we could have as a club.

In conclusion, a newer and updated union would be greatly appreciated, and as person with a leadership role here at school I can say I fully support the renovation proposition.

A handwritten signature in black ink that reads "Emma Keehan". The signature is written in a cursive, flowing style.
