HFA Parent Survey for Community Outreach Seminar

Location:
Jefferson Street Inn
201 Jefferson Street
Wausau, WI 54403

Date:
January 11-15, 2016 9am-5pm

Registration deadline:
December 28, 2015 or when full

Trainer: Sandy Ellis

Target Audience: this training is meant for WI home visitors using the HFA* evidence-based home visiting program model

Description:
The Parent Survey for Community Outreach (PSCO) Seminar is required training for all program staff that will administer the Parent Survey/Family Assessment tool. Part of HFA’s Assessment Core Training, this seminar includes four full days for the home visitor, plus an additional fifth day for supervisors and program managers. The training focuses on building skills to engage parents in the assessment process, learning how to gather comprehensive information from parents related to their strengths and needs using a conversational style, and obtaining guided practice from a certified user to ensure the tool is administered in a standardized and reliable manner.

*HFA (Healthy Families America) is a nationally recognized evidence-based home visiting program model designed to work with overburdened families who are at-risk for adverse childhood experiences, including child maltreatment. It is a primary home visiting model best equipped to work with families who may have histories of trauma, intimate partner violence, and mental health and/or substance abuse issues. HFA services begin prenatally or right after the birth of a baby and are offered voluntarily, intensively and over the long-term (3 to 5 years after the birth of the baby).
