What is Academic Advising?

Academic advising is a collaborative process between you and your advisor. Your academic advisor is a professional staff member whose purpose is to help you get the most out of your college experience. Working closely with your advisor can help you set and achieve goals, connect with campus resources, and make responsible decisions consistent with your interests, goals, abilities, and degree requirements.

What can I expect from my advisor?

- Care, respect, and support as you explore and define academic, career, and personal goals.
- Assistance with academic planning that is consistent with your values, interests, and strengths.
- Accurate information regarding academic requirements, University policies and procedures, and campus resources.
- Guidance as you begin to understand the nature and purpose of higher education and your role as a student.

What is expected of me as a student?

- Understand that you are ultimately responsible for creating your educational, life, and career plans.
- Take the initiative to access, understand, and utilize campus resources to gather needed information and make informed decisions.
- Maintain open and honest communication with your advisor.
- Take responsibility for choices you make as a student and member of the University community.

What are my next steps?

1. Locate your Academic Advisor on your PAWS account.
2. Make the call and schedule an appointment.
3. Prepare for your advising appointment:
   - Read your academic advisement report on PAWS and create a plan of study.
   - Come to your appointment with questions, concerns, and ideas.

Academic Advising Mission Statement

The University of Wisconsin–Milwaukee advising staff is dedicated to creating an atmosphere that fosters success. We are committed to quality academic advising in an environment that is welcoming, inclusive, and supportive. Our programs and services are designed to help students develop decision-making skills that will empower them to take full advantage of their educational experience.
