

EMBODYING GLOBAL HEALTH: INSIGHTS AND IMAGINATION

STUDENTS, FACULTY, AND FRIENDS OF UWM
JOIN US FOR A VIRTUAL EVENT IN HONOR OF WORLD HEALTH DAY

Join the UWM Partners for Health and the Center for Global Health Equity in a participatory dialogue on embodying health at the personal, local, and global scales in honor of World Health Day. We'll explore what health means for ourselves and our globe and how insights from the COVID-19 pandemic can lead to imagining new ways of engaging in global health.

Network with students, faculty, staff, and community partners and learn about global health practice, research, and academic opportunities at UWM, in Milwaukee, and around the world. Participants will be entered into a drawing for a \$25 Collectivo gift card!

DATE & TIME

Wednesday April 7
4:00pm - 5:30pm

LOCATION

Online via zoom

REGISTRATION
