

A1.2 – Academic Program and Curriculum Committee

Rationale

These revisions are intended to simplify and streamline the faculty standing committee appointment process by replacing appointed representative positions with elected positions where appropriate. The changes reduce the number of individual appointments required each year while maintaining appointed representation for administrators, deans, designees, and other members who serve based on their institutional roles. The revisions are intended to create a more efficient and consistent process for establishing committee membership.

Tracked Version

 - c. Two instructional academic staff members elected to three-year terms by the UWM academic staff;
