Second Repeat Requests

Process Recommendation:

1. School/College appeals for repeats beyond the allowable limit (3rd+ attempt at a non-repeat-for-credit course) should include permission from the academic department if the course is owned by the College of Letters & Science or the Lubar School of Business. (See RO's Enrollment Policies page)

2. School/College enters permission via transcript text only if appeal is approved by both School/College and the academic department.

3. Enrollment processing will require transcript text. When possible, please include a copy of academic department permission form/email/etc.
