

Updates to New Student Enrollment

Patrick Fay, Colin Daly, Ashleigh Zarling
Office of Undergraduate Admissions

Rationale

- New PAWS processes will be in place starting February 17 (target date)
 - To help students and families by eliminating potential barriers to enrollment
 - To standardize the experience for all incoming students and to create clearer communication with Transfer students

Changes

- Confirmation Deposit will not be required prior to enrollment
 - Will capture students who intend to enroll with “Intent to Enroll” Activity Guide (and Service Indicator)
 - \$150 will now be “Orientation Fee” posted with tuition in August
 - No more fee deferment process
- Shorter Virtual Orientation course
 - Adding a 15-minute required Pre-Orientation Activity Guide (and Service Indicator); capture most compliance messages
 - Will not prohibit Orientation registration or enrollment
 - Orientation registration will start in March
- Will require Orientation (Canvas Course) for Transfer students
 - NSP staff will monitor completion and remove holds daily; holds will prevent enrollment
