1 Check Your Accounts — Often!

Your [Admissions Portal](#) and [PAWS account](#) contain important application and enrollment information. You will receive information about your application and admission status in your Admissions Portal. In PAWS, you have a To-Do List, which lists steps you need to take to enroll. There you will receive information from the Admissions and Financial Aid offices.

2 Complete Your Intent to Enroll

Your Intent to Enroll is a one-question survey in your [Admissions Portal](#). It's your way to let UWM know if you plan to be a student in the fall. Click on the Intent to Enroll item as it appears in your Admissions Portal and follow the instructions. **The priority deadline to complete your Intent to Enroll for Fall is May 1.**
