Daisy Duck 999999999
STUDENT ACCOMMODATION PLAN

CONFIDENTIAL INFORMATION -
Accommodation and disability information is confidential.

SUMMER 2018

The Accessibility Resource Center (ARC) has transitioned to an online data management system called ARConnect. The "VISA" is no longer used and has been replaced by an "Accommodation Plan." Students can now manage their accommodation services through ARConnect. It is still important for students to work closely with their instructors to share their accommodation plan and make accommodation arrangements. Please contact us (414-229-6287) if you have any questions as we adjust to this new system.

Daisy Duck 999999999, is registered with the Accessibility Resource Center (ARC), and the following accommodations are recommended. Accommodations are determined by an ARC Counselor based upon disability documentation and an individualized assessment of the student's needs.

The recommended accommodation(s) for Daisy Duck are:

1. **Alternative Formats**
   - E-Text

2. **Alternative Testing**
   - Extra Time (1.5)
   - Minimally Distracting Environment

3. **Notetaking Services**
   - Notetaking

Providing accommodations is a collaborative process involving the student, faculty and instructional staff, the ARC and various campus partners. Faculty, in particular, play a critical role in many classroom accommodations. Please discuss any concerns or questions regarding these accommodations with the student directly. You may also contact the student's ARC Counselor (Shannon Aylesworth, at (414) 229 - 4564 or aylessr@uwm.edu) with any additional questions or concerns.
