

UWM Graduate Internship Application

The internship provides supervised practical experience in local art museums and galleries arranged on an individual basis. During this internship, the student is immersed in various aspects of museum work, including registration, curatorial research, and installation.

All graduate students must take a minimum of three (and can take a maximum of six) credits of ARTHIST 891. No more than three credits of ARTHIST 891 may be taken in a single semester.

Process:

1. Please send an Internship Application sheet, resume, and cover letter detailing your intent to intern (include a particular institution if you have one in mind) to the Internship Coordination (Professor Pacifico: pacifico@uwm.edu).
2. Once we have approved your application, cover letter, and resume, you can contact the appropriate individual who will oversee your internship at your chosen institution. The internship can be with an art museum, a library, a commercial art gallery, an exhibition society, an historical society, a municipal office involved with landmark designation, an auction house, or any other organization that deals with the visual arts. The institution must be found on the list below or approved by the Internship Director.
3. Have your supervisor at the institution write or e-mail the Internship Director. The letter should state:
 - a. that the supervisor agrees to take you on as an intern
 - b. what your duties will entail at the institution
 - c. that the supervisor agrees to send a written assessment of your work to the Internship Director by the last day of the semester
4. Once the Internship Director approves of your internship placement and receives your supervisor's letter, you will be able to sign up for **ARTHIST 891**.

Requirements:

1. Your internship should occupy around 10 hours per week (for 3 credits).
15 weeks x 10 hours per week = **150 hours per semester**
