Analysis of Student Challenges

Student correctly identifies 3-4 areas of challenge that a young musician would face approaching the given piece. Information given is logical for the piece based on stylistic considerations, technical demands, and developmental considerations.

Advanced

Proficient

Emerging

Performing at Sight

Student accurately reproduces the composition including attention to musical elements i.e. dynamics, phrasing, articulation, diction

Advanced

Proficient

Emerging

Piano Proficiency

Student is able to provide stable accompaniment for the performance at an accurate tempo. Piano supports the performance through balanced dynamics, choice of harmonies and style.

Proficient

Emerging

Student's accompaniment lacks support for the performance through significant wrong notes, variations in tempo, consistency and little consideration for stylistic elements.
