COURSES

Drawing 101 & 102 (2D)
July 20–24, 9am-12pm / 1-4pm (Art 463)
Drawing is a language that can transform a blank page into a new world. Drawing is also a skill that helps us express our imaginations, develop our ideas, and better understand the world around us. Peck School of the Arts instructors and working artists help students move from observation and imagination to highly developed drawings and a strong artistic voice.
Drawing 101 – for students **NEW** to ArtsECO Pre-College, 7/20-24, 9am-12pm
Drawing 102 – for **RETURNING** ArtsECO Pre-College students or by recommendation, 7/20-24, 1-4pm

Sculptural Forms 101 & 102 (3D)
July 27–31, 9am-12pm / 1pm-4pm (Art B87)
Working with a variety of materials and processes related to making 3D forms, this materials-rich course will work between 2D and 3D spaces, from drawing ideas to visualizing them in clay, wire, plaster and other materials. No prior experience needed to take on this 3D exploration.
Sculpture 101 – for students **NEW** to ArtsECO Pre-College, 7/27-31, 9am-12pm
Sculpture 102 – for **RETURNING** ArtsECO Pre-College students or by recommendation, 7/27-31, 1-4pm

Digital Art (Illustrator/Photoshop)
August 3–7, 9am-12pm / 1-4pm (MIT TBD)
Peck School of the Arts digital art instructors will lead high school students through the wonders of drawing and painting digitally. This class will teach the basics of creating with Adobe Photoshop and Illustrator as tools to produce amazing images that express your wildest imagination.
Digital 101 – for students **NEW** to ArtsECO Pre-College, 8/3-7, 9am-12pm
Digital 102 – for **RETURNING** ArtsECO Pre-College students or by recommendation, 8/3-7, 1-4pm
