Guidelines for Biological Sciences Minor:

- 1) Students need at least 19 credits in Bio Sci courses which count towards the Major (non-majors courses are not included)
- 2) Students need to take Bio Sci, 150 and 152
- 3) Students should then take at least one 300-level 'gateway' course with lab combination BioSci 310 or 325+316 or 315+316
- 4) Take elective courses - choose any Bio Sci lab course for which you have the pre-requisite course background.
- 5) Total Bio Sci credits ≥ 300 taken at UWM must be ≥ 9 .
- 6) Students must have a GPA of ≥ 2.5 in all Bio Sci credits attempted (including transferred courses) to earn the minor in Biological Sciences.
- 7) Students should regularly see their L&S advisor to make sure they are making progress towards their major and other L&S requirements.
