PHD PROGRAM
SHELDON B. LUBAR SCHOOL OF BUSINESS
INDEPENDENT STUDY/DOCTORAL DISSERTATION

The faculty of the Lubar School of Business recognizes that an independent study course may enhance the program of study of an individual student. To provide a framework for this and the doctoral dissertation course, the following guidelines have been adopted:

1. You must meet with the faculty member who will supervise the course to agree upon the following:
 - * An outline of the specific readings & research to be undertaken;
 - * The methodology or study approach to be used;
 - * The project output (i.e., report, paper, presentation, etc.);
 - * The grading plan.
2. The supervising faculty member must be a full-time tenure-track professor.
3. The attached application should be emailed to Monica Rausch Camacho at mcamacho@uwm.edu. All Reading and Research courses must be added to your schedule prior to the add deadline.
