

UNDERGRADUATE CERTIFICATE IN

INTERNATIONAL BUSINESS

WHY STUDY INTERNATIONAL BUSINESS?

Most businesses are affected in some way by international influences, such as is currency issues, outsourcing, transportation, or distribution networks. If you are interested in overseas markets and the global economy, adding the International Business Certificate to your business major can provide a great springboard for your career.

Whatever you're studying – whether it be accounting, finance, marketing, supply chain, or something else – having an understanding of economic, political, and cultural differences will give you new perspectives that you'll bring with you to make you a more "globally savvy" employee.
