— Milwaukee, WI – June 12th
— Pittsburgh, PA – June 13th
— Houston, TX – June 20th
Spotlight Program

A program provides students with more insight about the firm, professional staff, and career opportunities. Participate in workshops and activities and interview for internships.

Internships

Our intern program is for junior and fifth-year senior accounting students with interest in a career in public accounting. Provides excellent technical training, professional development, and opportunity for employment with the firm after graduation.

Staff accountant roles

We hire full-time entry level staff accountants for our audit, tax and advisory practices who work with higher management on engagements, touching different industries and clients.

*Sufficient coursework to become a CPA before beginning employment is required*
