SERVICE-LEARNING
WHAT IS SERVICE-LEARNING?

A credit-bearing, educational experience in which students participate in an organized service activity that meets identified **COMMUNITY NEEDS**. Students also reflect on the service activity to gain a deeper understanding of **COURSE CONTENT**, a broader appreciation of the discipline, and an enhanced sense of **CIVIC RESPONSIBILITY**.
STUDENTS WHO TAKE AN ASL COURSE WILL BE ABLE TO:

• connect service to course content.

• identify one strength and one need in the community.

• show a deeper understanding of the complexity of social issues.

• articulate strategies for working with diverse populations.

• identify actions and roles they can take to be change agents.
SERVICE LEARNING IN TIMES OF COVID-19:

• There will be various options for service learning, to accommodate different student needs: in-person, virtual, outdoors, etc.

• You must follow the safety protocol of the agencies where learning occurs.

• Students can speak with their professor about service learning options and alternative assignments.

• Flexibility and communication are key during this time.

**Students:** When your service-learning is complete, be sure to get this form signed by your site supervisor, make a paper or digital copy for yourself, and turn it in to your instructor if requested. Otherwise it is for your future use as a record of your service. This may be valuable to you when you are building your resume or applying for graduate school. No record of these hours will be kept by the Center for Community-Based Learning, Leadership, and Research, so it is up to you to maintain this record.
