What are the characteristics of a proper cloth face covering and how should I wear it?
Cloth face coverings should:
• Fit snugly but comfortably against the side of the face.
• Be secured with ties or ear loops.
• Include multiple layers of fabric.
• Allow for breathing without restriction.
• Be able to be laundered and machine dried without damage or change to shape.

How do I safely remove a cloth face covering?
Be careful not to touch your eyes, nose or mouth when removing your cloth face covering and immediately wash or sanitize your hands.

How regularly should cloth face coverings be washed?
They should be regularly washed depending on the frequency of use. We recommend cloth face coverings be washed daily.

How do I safely clean a cloth face covering?
A washing machine or hand washing with regular laundry detergent should suffice to properly wash a cloth face covering. The Mayo Clinic recommends using hot water to wash face coverings.

How do I store my cloth mask?
Do not place your mask in a pocket for later use. Carefully fold the mask so the contaminated outside is folded inward and against itself. Place in a clean or new paper bag, and perform hand hygiene.
