Invite you to attend:
Design for Reliability in Aeronautical Engineering Seminar

Monday, September 24th, 2018

Topics:
- Practical Reliability Analysis in Fleet Management
- Approaches to Design for Reliability in Aircraft: Past, Present and Future
- DFR in Action: Applications for Success
- Reliability Engineering Challenges in Aerospace Industry
- Surrogate-Based Reliability Assessment of Aircraft Structures

Lunch will be provided!

UW-Milwaukee - Union Ballroom

Time: 8:30AM-4:00PM
