Alumni of UWM’s College of Engineering & Applied Science are invited to a special evening:

- Tour the new Customer Service Experience Center, named one of Milwaukee’s Coolest Offices by the Milwaukee Business Journal.
- Witness hands-on demos of augmented reality, machine learning and next-gen automation.
- Hear from Dean Peters, of the College of Engineering & Applied Science, Dean Chari, of the Lubar School of Business, and Rockwell leadership. Learn more about the company’s vision for the future of manufacturing (Industry 4.0) in the digital economy.
- PLUS! Get unparalleled views of Milwaukee from the Clock Tower, while enjoying appetizers and beverages.

Registration: Don’t Delay!

- Space is limited! All registrations benefit the College of Engineering & Applied Science scholarship fund.
- Register here: alumni.uwm.edu/rockwellautomation2019

Questions? Contact Kyle Hernandez at 414-229-3000 or khernand@uwm.edu

Thanks to Rockwell Automation and UWM’s College of Engineering & Applied Science and Lubar School of Business and alumni chapters for producing and sponsoring this event.
Save the dates for these signature 2020 events!
Watch your email for details.

February 27 and 28, 2020: Milwaukee Engineering Research Conference
Innovation and Entrepreneurship are the focus for 2020 as the College of Engineering & Applied Science partners with UWM's new Lubar Entrepreneurship Center. A must-attend for industry, academia, industry and federal agencies.

April 25, 2020: Student Research Poster Competition
Our 12th year! Undergraduate and graduate students showcase their work, including game-changing discoveries they've made in our labs with our faculty.

Judges needed; contact Wendy Pero at pero@uwm.edu.

Become a sponsor for either or both events; contact Mike Andrew, director of corporate relations, at andrewmg@uwm.edu to learn more.
