EnQuest

Day Camp Application

Day Camp - June 22-26, 2020
College of Engineering & Applied Science

UW-Milwaukee EnQuest is a one-week all girls engineering summer camp for high school girls; a college experience with a sustainable technology project. The 2020 Day Camp will create a solar power station for a community in Guatemala, incorporating what was learned in the 2019 program.

Camp meets from 9:30 am to 4:30 pm June 22 - 26.

Please complete this two-page form to apply to attend EnQuest Camp.

A fee of $300 covers a portion of the camp costs, with additional costs sponsored by the UW-Milwaukee College of Engineering & Applied Science. A limited number of Camp Fee Scholarships are available by request to provide the EnQuest experience to girls for whom the program's fee is a barrier to attendance.

A non-refundable registration deposit of $100 secures your spot in the camp and is due with your application (with some exception for camp fee scholarship recipients). The remaining fee is due along with required medical/permission forms at least two weeks prior to the camp start date.

To pay online by credit card, e-mail chrisbe@uwm.edu to request an invoice and instructions. Checks (payable to UWM) may be mailed with your registration form to:
