

# FAA Green Team Tips

**Did you know the University Safety and Assurances' Environmental Protection Group recycles the following?**

 **Aerosol Cans**

 **Rechargeable Batteries**

- You can recycle – Nickel Cadmium, Nickel Metal Hydride, Lead Acid, Lead Gel Cell, Lithium, and Lithium Ion
  - Alkaline batteries are safe to dispose of in the regular trash

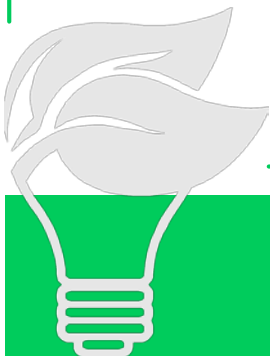

## **Recycle your batteries in 2 easy steps:**

- Tape the batteries with clear packing tape
- Contact US&A for pickup ([hazwaste@uwm.edu](mailto:hazwaste@uwm.edu))

For more information on these types of waste, take US&A's "Office Waste" training online at:

<http://www4.uwm.edu/usa/ep/training.cfm>
