

Enrolling for College Credit in the Natural History Workshops – Winter 2019

The winter workshop is available for college credit. There is an **additional online component** that must be completed to receive college credit (dates are given below). To obtain college credit for the workshop, you will need to establish an account with UWM, and then enroll online through the PAWS system. You will need to pay tuition for the credits (tuition cost below), plus the workshop fee which will be billed after you establish your PAWS account and enroll in the class through PAWS. The workshop fee is discounted for students enrolling in the class for credit.

Here is a link you can use to start the process:

<http://uwm.edu/undergrad-admission/student-type/non-degree/>

Once you have your PAWS number, you can enroll in Biological Sciences 562. Please let us know when you have started the process of applying for a PAWS number so that we can hold a spot for you if necessary. Also contact us if you have questions, or have any trouble enrolling after you have received your PAWS number (262 675-6844, fieldstn@uwm.edu)

Ecology and Physiology of Plants in Winter: Surviving the Big Chill

Online portion: 1/2 - 1/19.
