ABOUT EMBARK

OVERVIEW

Founded in 2017, The Career Leadership Collective quickly found a niche as the premier consultancy for higher education related to increased capacity on campus around career development and career outcomes data. Having done business with over 1,000 colleges and universities in their first three years, The Collective helps upper administrators and career leaders to thoughtfully weave career development into the campus fabric.

The EMBARK survey collects data from recent graduates. Each EMBARK partner school receives the following:

- 1. **Unit Data File**: Contains all campus raw survey data separated into responses, scraped data, and custom questions.
- 2. **Internet Data Scrape File**: Contains additional information about your graduates. This information was integrated into the Unit Data File and contributes to your knowledge rate. The data file is included in case your campus would like to explore further.
- 3. **Campus report (this document)**: This report contains institutional data for all questions in the dataset.
- 4. **Internal Dashboard**: Created for you to identify trends, growth areas, and success stories. We do not recommend making the complete, private dashboard available to the public.
- 5. **External Dashboard**: Adapted from the Internal Dashboard, this can be shared publicly via a web link to share data you select to be made available to a wider audience.
- 6. **Slide deck**: Contains a visual presentation of campus highlights and key data points, designed as a starter slide deck for campus presentations.

NACM CAREER MOBILITY CORE

The NACM Career Mobility Question Core is a set of items added to the First Destination Survey to gain additional insight into graduates' career-related educational experiences. These questions map to the National Alumni Career Mobility Survey for 5- and 10-year alumni. Research themes from the NACM survey that are found in this section include:

- 1. High Impact Career Practices: NACM national research has found six practices that most significantly influence alum's career mobility.
- 2. Return on Investment: Measured through alum's impressions of value of degree, career preparation and satisfaction.
- 3. Career and Economic Mobility: Measured here through satisfaction with career, earning potential and student loan debt.

HIGH IMPACT CAREER PRACTICES

Did you receive career advice while earning your degree?

Did you complete one or more internships/practicums either for-credit or not-for-credit?

RECOMMENDATIONS

After assessing your FDS survey results, The Career Leadership Collective recommends the following for your campus:

WHAT YOU CAN DO NEXT

- 1. EDUCATE YOUR CAMPUS: Create your slide deck and/or video overview of the results to share across campus.
- SHARE SUCCESSES EXTERNALLY: Embed successes from the findings into your External Career Outcomes webpage. See example here: https://www.careerleadershipcollective.com/outcomes-example
- ADAPT YOUR PRACTICES: You have incredible insights about how you can adapt your
 practices toward a high likelihood of career mobility for your graduates. We encourage you
 to gather a campus working group to discuss how you can embed high impact career
 practices across the campus.

HOW WE CAN HELP YOUR CAMPUS USE YOUR RESULTS

- 1. STAKEHOLDER PRESENTATION ON FDS DATA: The Collective staff are available to provide a virtual presentation of your FDS results to key stakeholders. For example, presentation of FDS highlights to your President's cabinet, Board of Trustees, Deans, etc.
- 2. FURTHER DATA ANALYSIS OR VISUALIZATION CONSULTING: The Collective can provide consultation on strategic use of your data, including providing additional analytics to help you effectively tell a story with your data, and decide which data to display on external or public websites. For example, combining additional institutional data on interactions with your career center or engagement with high impact practices while a student, combining with FDS data, or digging deeper into demographics or peer comparisons.
- 3. HIGH IMPACT CAREER MOBILITY PRACTICE CONSULTING: The Collective can provide consulting services that use your NACM and First Destination Survey results to help university leaders weave career development into the fabric of campus experience. For example, leveraging FDS data to help transform the co-curricular experience of students, such as student employment or residence life programming. In addition, FDS data consulting can help analyze curricular areas of success and areas of improvement, by individual colleges, academic units, and areas of study.
- ALUMNI OUTCOMES: The Collective team can assist your campus by surveying your Alumni via out NACM Services. Learn more at https://www.careerleadershipcollective.com/nacm
