MS-Occupational Therapy	30	100%	97%	31	100%	Not Available	Overall	Note: These results reflect alumni who took the NBCOT in 2021 and 2022, and not the students who respectively graduated in 2021 and 2022. MSOT students graduate in December and are not eligible to take the exam until after their degree is certified, which means that the earliest they can sit for the exam is in January. This puts them in the next year's category. Therefore, the 2021 category most likely reflects alumni who graduated in December 2020 and the 2022 category mostly reflects alumni who graduated in 2021.
Doctor of Physical Therapy (DPT)	23	100%	98.2% Ultimate	24	100%	93.2% Ultimate	Overall	Note: Accrediting body uses two-year average of first-time pass rate, which is 89% for DPT.

\*Reported to UWM in six-month increments

\*\*FNP students have the option of taking 1 of 2 exams. Each exam is reported. There was a total of 21 FNP students who took the two different exams. You can see students do well on the ANCC (100% first time pass rate) and not as well with the first attempt on AANP. However, after those who failed the first attempt on AANP (27% failed first attempt; 73% first time passed) took it again, they all passed.
