## 2024-25 Verification of Foreign Non-Filing Status

The U.S. Department of Education requires proof of non-filing and verification of taxable income for individuals who indicate they did not file and were not required to file a 2022 foreign income tax return on the FAFSA. The individual must check with the taxing authority of their respective country or territory to determine if the taxing authority provides a letter of non-filing. If the taxing authority does not provide a free letter of non-filing, the individual must complete this form.
