## Undocumented at UWM

- There are an estimated 200-300 undocumented students at UWM.
- There is an Undocumented Student Task Force consisting of members that can serve as points of contact for a majority of the officers/services on campus.
- The DREAMERS Initiative in the Inclusive Excellence Center (IEC) strives to provide the resources and support to assist students on their college journey. This effort will include professional development for campus employees and a resource guide for campus community members.
