Animal Research Technician

Anticipated Starting Date: ASAP

The Carvan Lab at the University of Wisconsin-Milwaukee, School of Freshwater Sciences, is seeking a highly qualified individual to work in the lab as an Animal Research Technician.

The Animal Research Technician will perform data acquisition; analysis and visualization; analytical chemistry; field work aboard research vessels; laboratory work and scientific literature review in support of aquatic ecosystem research. This will include sample collection, preparation, analysis, data management and reporting. Responsibilities include:

a) Daily feeding and care of zebrafish and minnow populations. (50%)

b) Data reporting, management and archiving. (20%)

c) Water quality monitoring and facility maintenance for the Aquatic Animal Facility. (30%)

Please email a cover letter, curriculum vitae, and a list of three (3) references who can speak to your abilities to Dr. Carvan at carvanmj@uwm.edu. Finalists will be contacted for interviews.

For the UWM Crime Statistics Report see http://uwm.edu/Dept/OSL/ClervAct.html, or call the Office of Student Life at 414-229-4632 for a paper copy. All finalists for this position will require a criminal records review consistent with the Wisconsin Fair Employment Act.

UWM is an Equal Opportunity/Affirmative Action Employer
