

Continuing Education & Professional Development

Program Fund for Continuing Education

Mission:

The Continuing Education department is committed to providing the Washington County, Waukesha and all surrounding communities with educational opportunities. It is the mission of the department to provide quality, educational programs in areas such as business skills, computer technology, science, engineering, finance, music, art, cultures, and body and mind wellness.

Purpose:

It is our belief that early exposure to college programs and educational options will help to develop career paths and promote higher education. Learning is a lifelong process that continues beyond youth and never stops evolving. It is our goal to offer programs that are ever-changing to suit the needs of the community.

To provide our communities with the highest quality educational programs, donations will be used for program development, instructor and speaker fees, program supplies and materials needed for the success of the program.

Who Benefits

Everyone benefits! Students can come and experience new learning paths while instructors are able to offer the best course material to their students. Donations will be used to provide our communities with the highest quality educational programs.

*See back and fill out form for donation!

Continuing Education & Professional Development
