Overview

• Multiple areas of service
  • Student support and advocacy
  • Tuition and fee appeals
  • Student conduct
  • General student concerns and questions

• UWM Student Handbook
  • https://uwm.edu/studenthandbook/

• We are the place you can go when you do not know where to go.
Student Support and Advocacy

- Student may face serious challenges that impact their overall success
- DOS can offer support, help navigate, and connect to resources
- Tuition and Fee appeals
- Two campus response teams
  - CARE Team
  - Student Support Team
- Report concerns via Report It
Student Conduct

• All students are part of the UWM community that values health, safety, and inclusivity
• When student behavior conflicts with those values, we have a process to educate and hold students accountable
  • Non-academic misconduct – UWS 17 and 18
  • Academic misconduct – UWS 14
• Policies apply to behavior on and off campus
• Sanctions in general are educational in nature
  • Serious violations may result in a suspension or expulsion
• Use Report It to report alleged policy violations
Campus Guidelines

• UWM and the Dean of Students Office is committed to ensure the health and safety of campus community

• We know that campus will look much different in the Fall.
  • If you are attending in person, please note that we will have health and safety guidelines for on-campus and UWM sponsored operations.
  • We will share them with you before classes start and ensure you know how to adhere to them and the potential consequences for not doing so.
Privacy

• FERPA is designed to protect privacy of educational records and allow students to inspect and review records
• In college, ownership of the student records lies with student
• Easiest way for others to get information is to ask student
• FERPA requires that access to records/information must be granted by student
  • Student can complete a release form on their PAWS account
  • UWM staff/faculty cannot share information without a release
Sex/Gender Based Violence

• Federal law that requires UWM to address sexual and gender based harassment

• Students required to complete online training
  • Examples of behaviors and how to help peers
  • Enrollment hold placed if training is not completed

• DOS works closely with Title IX Coordinator to facilitate support when situations arise
