

Accelerated Graduate Degree (AGD) Shared Credit Evaluation Form

Graduate School – gradschool-staff@uwm.edu

Registrar's Office - regoff@uwm.edu

These instructions are ONLY for UWM graduate students in an approved Accelerated Graduate Degree (AGD).

All AGD students must submit this form twice during their graduate career. Once in the first semester of their graduate career for the forward-shared credits and a second time during the semester of their undergraduate graduation for backward-shared credits.

Forward-shared Credits (graduate G-level courses taken during UG status)

1. Complete **Part 1** on the following page.
2. Submit to your graduate advisor or graduate program representative for review once the classes are over and grades are posted in PAWS. The program will send the form to the Graduate School (gradschool-staff@uwm.edu) for review and processing.

To qualify for forward-shared credits, work must meet the following requirements:

- Graduate-level and listed in the program's accelerated graduate degree policy. For a U/G course, students must have completed the G section.
- Taken within five years of admission to the graduate program.
- Only used to meet undergraduate degree requirements as defined in the program's accelerated graduate degree policy.
- Approved by the accelerated graduate degree graduate program unit.

Backward-shared Credits (graduate courses that share backward to complete the UG degree)

1. Complete **Part 1** on the following page.
2. Submit to your undergraduate advisor for review after the classes are over and grades are posted in PAWS. The program will send the form to the Registrar's Office (regoff@uwm.edu) for review and processing.

The maximum number of shared credits for an accelerated graduate degree is determined by the program's accelerated graduate degree policy. Please check the UWM catalog for more information: <https://catalog.uwm.edu/opportunities-resources/accelerated-graduate-degrees/#text>
