

Larson's Supervisory Expectations Rating Scale

Please give your assessment of what you expect will happen during your future individual supervisory conferences. Select the number that best represents the expected level of occurrence of the behaviors suggested by each item. The numbers correspond to the following categories.

Rating Description	
1---To a very little extent	4---To a great extent
2---To a little extent	5---To a very great extent
3---To some extent	

1. Do you expect your supervisors will help you set goals for a client?
2. Do you expect your supervisors will use conference time to discuss ways to improve materials?
3. Do you expect your supervisor will motivate you to perform at your highest potential?
4. Do you expect you will state the objectives of your conferences?
5. Do you expect your supervisor will pay attention to what you are saying whenever you talk with them?
6. Do you expect you will ask many questions during your conferences?
7. Do you expect your supervisors will use your ideas in discussion during conferences?
8. Do you expect your supervisors will function as teachers who are instructing you?
9. Do you expect you will inform your supervisor of your needs?
10. Do you expect your supervisors will tell you the weaknesses in your clinical behavior?
11. Do you expect you will use conference time to provide information about the clinical session to your supervisors?
