Consent for Mental Health Care

- Please read this form.
- Ask questions about anything you do not understand before you sign this form.
- When you sign it, you are giving us permission to treat you or your child.

I understand and agree that taking part in mental health care at Children's Hospital of Wisconsin (CHW) is my choice.

To help me understand the care, I will get information about the following:

- The type of mental health care I/my child will get in this clinic
- Recommendations and benefits of care, as well as possible results and side effects
- How long care may last and desired outcomes recommended in my treatment plan
- My rights and responsibilities in this clinic. This includes my participation in care and the development and on-going review of my treatment plan
- Other choices for care
- How to report a problem. This is called a grievance procedure

I have been offered a "Clients Rights and the Grievance Procedure for Community Services" brochure.

Fees are based on the length and type of care. I am responsible for any amount not paid by insurance. Co-payments and deductibles are not paid by insurance. I may ask for a list of fees at any time.

Information from each visit is kept in your or your child's CHW medical record. My/My child's mental health records may be shared with health providers, insurance companies and Children's Hospital and Health System for treatment, payment and health care operations.

I understand that care will be finished in the clinic and I will be discharged if:

- Treatment is finished or I ask to stop care.
- I miss visits, do not call the provider, or fail to return a call after missing a lot of care.
- I am referred to another agency for different care.
- I do not follow the recommended care or cause problems in the clinic that are disruptive.

I have the right to remove my consent for mental health care at any time. I need to make this request in writing. This consent lasts for 15 months from the date of signature.

I have read this information. I am legally able to consent for my child.

Consent for Treatment

Please read this form. Ask questions about anything you do not understand before you sign.

Treatment

- I authorize doctors, other providers and Children's Hospital of Wisconsin (CHW) employees to evaluate and treat my child. This may include, but is not limited to, all routine hospital services, physical examinations, x-rays, labs, administering or prescribing medications including immunizations and ordering or performing other tests or procedures. I have the right to discuss options for my child’s treatment. I will be given a chance to ask questions as needed.

- A hospitalist or a specialty doctor may be assigned to treat my child. CHW staff will carry out the instructions of these doctors. I understand that most doctors who care for my child are not employees of CHW. CHW is not responsible for their actions.

- My child may go home or to another facility before all medical problems are known or treated. I agree to make appointments for follow-up care.

- CHW is a teaching hospital and supports the training and teaching of health care professionals. Students may be involved in providing my child’s care.

- CHW may use or properly dispose of any samples or tissues taken from my child’s body.

Patient Rights and Privacy

- Patient/Family Rights and Responsibilities information is posted throughout CHW. I may request a copy. It is also available at CHW.org.

- I received the Notice of Privacy Practices. It explains how my child’s health information may be handled and is posted throughout CHW and is available at CHW.org.

- Photographs and recordings may be taken by CHW for care, training, education or security purposes. I am not allowed to take photos or videos of other patients or of staff when they are providing care to my child.

- My child's medical records may be shared with health providers, insurance companies and Children's Hospital and Health System for treatment, payment and health care operations.

- CHW is not responsible for my valuables. I understand that I should take anything valuable home.

Financial Agreement

- I will receive more than one bill for my child’s inpatient or outpatient appointment. All insurance payments for my child’s care are paid to CHW and to providers who may care for my child. I understand that I am responsible for charges not covered by insurance.

Communication

- You may need to call, email or text me about appointments, treatment, billing and collections. Prerecorded messages and auto-dialers may be used when contacting me. I give you permission to contact me at any of the telephone numbers/email addresses provided and know that may result in charges to me.

I have read this information. I am legally able to consent for my child. By signing this form, I give my permission for treatment and agree to the terms listed above. My consent for clinic visits is good for one year.

Welcome to the Child and Family Counseling Center at Children's Hospital of Wisconsin. You are in good care here.

Children's Hospital of Wisconsin – Community Services (CHW-CS, formerly CSSW) is a private, not-for-profit child welfare agency providing counseling and other mental health services through its Child and Family Counseling Centers (CFCs). CFC's goal is to strengthen families and promote child well-being through holistic, trauma-informed care. This sheet contains important information about your/your child's care with us. Please read it carefully. Talk to your provider about any questions you may have. A provider is a therapist, psychiatrist, or psychologist who is helping you/your child with your/your child's mental health care.

Eligibility
Children and adolescents ages 0-18 and their families are eligible for care. No one will be denied services because of an inability to pay. If there is any reason why we are not the best place to care for you, will explain why and help you find care elsewhere.

Hours
Clinic hours are Monday through Friday 8:00 a.m. to 5:00 p.m. by appointment. Evening and weekend hours may be available by appointment.

Length of Care
Services may continue as long as you attend your scheduled visits and until you meet your treatment goals.

Ending Care
You and your provider will decide when you have met your goals and no longer need regular care. This is when you have successfully completed treatment. Congratulations! There also are reasons why your care may stop before you have successfully completed treatment. These are listed on the Consent for Mental Health Care of which you signed and received a copy at check-in.

Cancellations/Attendance Policy
It is important to come to all of your scheduled therapy visits. This helps you to do well in your care.

To give you the best care, we have a policy for no-show and late cancel visits.

A no-show is when you:
- do not show for a scheduled visit
- call to cancel after the visit time

A late cancel is when you:
- Cancel a visit less than 24 hours before your appointment.
- Arrive when more than ½ of your appointment time has passed.

If you have 3 no-shows and/or late cancels within a 1 year time from your first visit with your provider, you may not be able to schedule more visits with that or other providers.

When you are not able to make a visit, call your therapist as soon as you can.
Emergencies
In the event of a life-threatening emergency, call 911.

If you have a non-life threatening emergency that occurs during business hours, you may call the office at 414-453-1400 to speak to your provider. If they are not available, you may be connected with another therapist or the clinic manager. If you call during non-business hours, you will be directed to an answering service to assist you.

Suicide Prevention/Resources
Here are some suicide prevention resources for you. Talk to your provider if you have questions or concerns, or would like more local resources. Call 911 if you are having a life-threatening emergency.

Safety
CHW-CS wants clients to feel safe in all of our clinics. Firearms and weapons are not allowed in any CHW building. If you or anyone with you creates an unsafe environment, we will cancel your visit and contact law enforcement. We may end your care at this clinic if we can’t keep you, our staff, and our other clients and family members safe.

Treatment Plans
During your first 1 to 2 appointments, you and your provider will develop a treatment plan. This will include a list of your strengths, challenges and goals for recovery. Your provider may also give you an idea of how long your mental health care might last. The treatment plan is updated by you and your provider every 90 days. This update will track how you are doing with your goals and any new goals or changes to your goals for the next 3 months. A parent’s/legal guardian’s signature is needed each time the treatment plan is updated or changed. Youth 14 and older are also expected to sign the treatment plan. For more information, see the Psychotherapy: Questions and Answers handout.

Complaints and Grievances
It is our goal to provide the best and safest care to you or your child. If you have a complaint, we ask you to discuss it with your provider or the clinic manager.

If you believe your rights have been violated, please call 414-266-7848 or toll free (800) 556-8090 and ask to speak with a Client’s Right’s Specialist.

They may also not accept Facebook "friend" or other social medial requests. If you need to talk to your provider about your care, call the clinic to talk to them or schedule an appointment to see them.

Your 100% Satisfaction is Our Goal
