

Course Recommendations for Bachelor of Arts, **ACTUARIAL SCIENCE** majors

Who can Use this Guide:

- Students who took their first college class in September 2013 or later
- Students who do NOT plan to complete an Associate of Arts or Associate of Science degree at MATC

If you plan to complete the full Associate of Arts or Associate of Science degree, the only applicable sections are highlighted in neon green.

If you took any college class before 09/2013, consult a UWM admissions counselor at let-sci@uwm.edu.

Introduction

Many students start at MATC and continue their education at UWM. This guide outlines recommended course selections for MATC students who intend to earn a Bachelor of Arts (BA) at UWM with an Actuarial Science major.

Note: This guide does not replace the advice of an advisor who can provide personalized guidance based on your particular circumstances and background.

Students planning to complete the Associate's degree at MATC may be required to take additional classes that may or may not transfer to UWM. There may also be some UWM required courses that are not offered at MATC and can only be taken at UWM.

UWM Admissions Requirements

MATC students seeking admission to a major that leads to a bachelor's degree in the College of Letters & Science will present the strongest application packet by meeting the following criteria:

- evidence of high school graduation (diploma or GED)
- a minimum cumulative GPA of 2.0 in all college classes
- completion of at least 12 credits of transferable college coursework

Students with a college cumulative GPA below a 2.0 who have not been enrolled in classes for at least 2 years, or who have extenuating circumstances, will also be considered for admission if additional information is presented that indicates potential for success.

Eligible MATC students can also sign up for Panther Tracks. The Panther Tracks program offers MATC students a guarantee of admission to UWM if they meet certain requirements. More details about the agreement can be found here: <https://uwm.edu/undergrad-admission/uwm-panther-tracks/>.

World Language

The Bachelor of Arts with an Actuarial Science major requires world language through the 4th level. If you took four years of the same language in high school, you have satisfied the requirement and no further coursework is needed. If you did not take four years of a world language in high school, take the following classes. If you took two or three years of the same world language in high school, contact us for more information.
