**Project Connect**

Project Connect is an innovative adaptation of Parent-Child Interaction Therapy (PCIT) that provides foster parents experiential, applied parent training with their foster children in an accessible group format. A PCIT therapist will contact the family prior to the session to complete an intake interview. Foster parents will attend (2) 6-hour days of classroom training. Additionally, a PCIT therapist will contact foster parents once a week for 6 weeks to provide skill implementation and additional support.

Location: Milwaukee Child Welfare Partnership
