

Greater Milwaukee Community Mental Health Providers

The UWM Suicide Prevention Project and the Resource Expansion Subcommittee of the Chancellor's Advisory Committee on Mental Health created and distributed a questionnaire entitled "Assisting UWM Students in Mental Health Crisis" to 73 community mental health providers to enable identification of appropriate referral sources for UWM faculty, staff, and students. To date, 25 providers have responded to the questionnaire detailing available services, locations and hours of operation, contact information, accepted forms of payment, and any pertinent additional information (e.g., handicapped accessible, LGBT+ affirmative and inclusive services). We have listed the providers in alphabetical order. Please note if providers did not respond to particular questions, the terms 'Not Specified (NS)' or 'Services Not Specified (SNS)' have been used.
